E. CAROLINE PIERCE,
Town Clerk.

ANNUAL MEETING

Arlington, March 22, 1933.

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town by a Constable of said Town, notices having been sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members elected and qualified to act in Town Meetings, in Arlington, and posted at two places in each precinct, the Town Meeting Members met in the Robbins Memorial Town Hall in said Town on Wednesday, March 22, 1933, at eight o'clock in the evening. The Warrant calling the meeting was the notice sent by mail by the Town Clerk.

Lists of the duly qualified Town Meeting Members were used at the entrances of the Meeting place and were in charge of Philip T. Robinson and James E. Sweeney. The lists contained the names of two hundred and seventy Town Meeting Members.

The Check Lists filed with the Town Clerk at the close of the meeting showed that two hundred and twelve members attended the meeting.

Charles T. Irwin, stenographer, was sworn by the Town Clerk to the faithful performance of his duties.

The meeting was called to order at 8:10 P.M. by the Moderator, William B. Barry.

The Town Meeting Members were sworn by the Moderator.

Copies of the Warrant having been supplied to the Town Meeting Members, the Town Clerk read only the Call and the Constable's Return of the Warrant, the meeting voting on Arthur P. Wyman's motion to dispense with the reading of the remainder of the warrant.

On motion of Arthur P. Wyman:

Voted: That if all the business of the meeting as set forth in the Warrant is not disposed of on this date, the meeting adjourn to Wednesday evening, March 29, 1933, at eight o'clock.

On motion of Arthur P. Wyman:

Voted: That at 8:28 the Annual Meeting be recessed until the business of the Special Meeting called for at 8:30 is completed, and in no event shall the recess of the Annual Meeting extend beyond the time at which said Special Meeting is adjourned.

On motion of Arthur P. Wyman:

Voted: That Article 2 be taken up.

Article 2 taken up. (Choice of Other Town Officers.)

Voted: That the Town Clerk cast one ballot for each of the following officers for the term of one year designated as follows:

MEASURERS OF WOOD AND BARK

Arthur B. Peirce
Charles E. Hale
Patrick F. Brosnahan

On motion of Arthur P. Wyman:

Voted: That Article 3 be taken up.

Article 3 taken up. (Reports of Selectmen—other Town Officers and Committees.)

Ernest W. Davis called attention to the fact that the Committee appointed by the Selectmen to investigate the school system reported and was discharged at the Annual Meeting of 1932.

Respectfully submitted,

Arlington School Committee,

M. NORCROSS STRATTON,
Chairman.

Harold M. Estabrook, Secretary of The Eastern Avenue school building committee, presented the following report which on motion of Ernest W. Davis was accepted and the Committee discharged:

The Eastern Avenue school building committee, appointed by authority of the Town Meeting of April 2nd, 1930, to secure plans and estimates for a fourteen-room elementary school building capable of enlargement and further authorized by the Special Town Meeting of January 14th, 1931, to construct and furnish said building according to plans and specifications filed with the Finance Committee desires to submit this final report.

The Town Meeting of Jan. 14th, 1931, appropriated $700 for the clearing of the playground. The H. L. Frost and Company of Arlington was authorized to remove the trees, excepting about sixty-three, which were pruned and left to remain as shade trees. The unemployed were used to some extent in this work and about twelve cords of firewood were distributed through the Welfare organization to needy citizens of Arlington.

On April 17, 1931, bids were received from fourteen reputable contractors and being somewhat higher than anticipated, after refiguring, the contract was awarded

to Thomas O'Connor and Company, Inc. and signed on May 1st, 1931.

The building was turned over to the Board of Selectmen with informal ceremonies on Feb. 15th, 1932, who gave the building into the charge of the School Committee. Eleven rooms of the building were occupied following the February recess.

The committee held thirty-eight regular meetings and the members spent considerable time in the actual supervision of the construction of the building.

The committee wishes to record its appreciation of the co-operation shown by the school committee, the achitects and contractors. To the school committee for its interest in the selection of plans and which through its superintendent, Mr. Clarence H. Dempsey, immeasurably assisted the building committee throughout the construction and furnishing of the building. To the architect for the fulfillment of the requirements of the committee in the design of the building. To the contractor for the quality evidenced in the finished building and the preference given to Arlington citizens in its construction.

The completed building is simple in design and planned so that a six-room addition may be constructed when required. It is the first completed "fireproof" school building erected in the Town of Arlington and was constructed, graded and furnished within the appropriation.

Respectfully submitted,

JACOB BITZER, Chairman
HAROLD M. ESTABROOK, Secretary

JAMES J. GOLDEN, JR.

Ernest W. Davis expressed to the Town Meeting appreciation and gratitude to Mrs. Angeline Brackett for the gift of the piano to the Brackett School and to Judge Brackett the gift of the State and National Flags.

Edward L. Shinn presented the following report on the Pheasant Avenue School which on motion of Ernest W. Davis was received:

Arlington, Mass.
March 22, 1933.

To the Town of Arlington,
Middlesex County,
Commonwealth of Massachusetts.

The committee under vote of the Town passed April 2, 1930, to secure plans and estimates for the construction of an elementary school on Pheasant Avenue, presents the following report:

In view of the fact that the business depression has continued and neither the school committee or any other body in town have expressed a desire that final plans and estimates be obtained, we have not taken any steps to do so since our last report. We are, however, ready to do so at any time when a desire is expressed to that effect.

Vittoria C. Dallin of the Committee appointed to investigate the library conditions at Arlington Heights made an informal report of progress which on motion of Ernest W. Davis was received.

On motion of Arthur P. Wyman:

Voted: That the reports of the Selectmen and various Town Officers, as presented in the Town Report, together with the additions of the Table of Statistics of Assessors and Committees heretofore appointed, be received.

On motion of Ernest W. Davis.

Voted: That the report of the Finance Committee as presented in printed form be received.

On motion of Ernest W. Davis.

Voted: That Article 3 be laid on the table.

On motion of Ernest W. Davis.

Voted: (Unanimously) That the remaining articles in the warrant be now taken up separately, in the order in which they appear in said warrant, and that the recommendations of the Finance Committee under said Articles as presented in their printed report be considered as now before the meeting, to be voted upon without further motion, separately, under the respective articles as they appear in said report.

The Moderator declared the meeting adjourned at this hour 8:28 until the business of the Special Meeting is completed.

Meeting adjourned.

TOWN WARRANT

The Commonwealth of Massachusetts, Middlesex, ss.

To the Constables of the Town of Arlington, in said County:

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Arlington, to meet in the Town Hall in said Town on Wednesday, the 22nd day of March, 1933, at 8:30 o'clock, P.M., at which time and place the following articles are to be acted upon and determined exclusively by town meeting members, in accordance with, and subject to the referenda provided for by chapter 642 of the Acts of 1920.

Article 1. To hear and act upon the reports of the Finance and other committees heretofore appointed.

Article 2. To see if the Town will make an appropriation or appropriations (a) to pay to the County of Middlesex or otherwise assessments for the Town's share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Act of 1932 bonds maturing in 1933 issued in compliance with chapter 10 of the Acts of 1932; (b) to so pay any other indebtedness incurred and outstanding under said chapter 10; (c) to so pay for the Town's share of interest on said bonds due in the year 1933; (d) to so pay for the care and treatment of tubercular patients under the provisions of chapter 385 of the Acts of 1928 as amended by chapter 60 of the Acts of 1931; (e) to so pay for the care, maintenance and repair of said hospital for the year 1932 including interest on temporary notes issued therefor in accordance with sec-

tions 85 and 85A of chapter 111 of the General Laws; and (f) to so pay for all other expenses in connection with said hospital or said loan; determine how the money shall be raised and expended; or take any action in relation to said hospital, loan or any other thing herein mentioned.

Article 3. To see if the Town will accept the alteration of the way known as Medford Street under the provisions of law authorizing the assessment of betterments, or otherwise, from Webcowet Road to a point a distance of approximately 725 feet southwesterly, in said Town, as made and reported by the Joint Board of Selectmen and Board of Public Works; will make an appropriation for said alteration including land damages; will make an appropriation or appropriations for the relocation, alteration, construction of, and specific repairs upon all or any part of that portion of said Street extending from Webcowet Road to a point approximately 725 feet southwesterly, as now existing or as hereafter altered, including land damages, if any, under the provisions of law authorizing the assessment of betterments or otherwise; determine in what manner the money shall be raised and expended; or take any action in any way relating to all or any of the foregoing.

(Inserted at the request of the Park Commissioners)

And you will notify and warn the voters of the Town of Arlington to meet at the time and place herein specified by leaving at every dwelling house in the Town a printed copy of this warrant, and also by posting a copy of the same at the doors of the Town Hall, and in a conspicuous place in each of the fourteen precincts of the Town, seven days at least prior to the time of said meeting.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, on or before said day and hour of meeting.

Given under our hands, at said Arlington, this twentieth day of February, in the year of our Lord one thousand nine hundred and thirty-three.

WILLIAM O. HAUSER,
ARTHUR P. WYMAN,
LEONARD COLLINS,

Selectmen of the Town of Arlington.

CONSTABLE'S RETURN

Arlington, Mass., Feb. 27, 1933.

Middlesex County:

By virtue of this warrant I have notified and warned the legal voters of the Town of Arlington to meet at the time and place and for the purposes herein named by causing a printed attested copy of the same to be left at every dwelling house in the Town, and by posting an attested copy at the doors of the Town Hall seven days at least before said day of meeting and by posting attested copies in two or more conspicuous places in each voting precinct in the Town. A notice of the time, place and objects of the meeting was published in the local papers.

(Signed) CHARLES J. DALEY, JR.
Constable, Town of Arlington, Mass.

SPECIAL MEETING

Arlington, Mass., March 22, 1933.

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town of Arlington, by a constable of the said Town and sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members duly elected and qualified to act in Town Meetings in Arlington, the Town Meeting Members met at the Robbins Memorial Town Hall in said Town on Wednesday, March 22, 1933 at eight-thirty o'clock in the evening.

Lists of the duly qualified Town Meeting Members were used at the entrances of the meeting place and

were in charge of Philip T. Robinson and James E. Sweeney.

The check lists filed with the Town Clerk at the close of the meeting showed that two hundred and twelve members attended the meeting.

Charles T. Irwin, stenographer, was sworn by the Town Clerk to impartially and correctly report the proceedings of the meeting to the best of his ability.

The Moderator called the meeting to order at 8:30 o'clock P. M.

Town Meeting Members, not already sworn, were sworn by the Moderator who declared a quorum present.

The Clerk read the call and the Constable's Return of the Warrant, the reading of the remainder of the Warrant being waived by the unanimous consent of the meeting.

On motion of Arthur P. Wyman:

Voted: That if all the business of the meeting as set forth in the warrant is not disposed of on this date the meeting adjourn to Wednesday evening, March 29, 1933 at 8:30 P. M.

On motion of Arthur P. Wyman:

Voted: That Article 1 be taken up. (Reports of Committees).

On motion of Ernest W. Davis:

Voted: That the report of the Finance Committee as presented in its printed form be now received.

On motion of Ernest W. Davis:

Voted: That the remaining articles in the warrant be now taken up separately, in the order in which they appear in said warrant, and that the recommendations of the Finance Committee under said Articles as presented in their printed report be considered as now before the meeting to be voted upon without further motion, separately, under the respective articles as they appear in said report.

Article 1 disposed of.

Article 2 taken up. (Assessment for County Hospital).

Voted: (Unanimously) That the sum of twenty-four thousand four hundred twenty-seven and 77/100 (24,427.77) dollars be and hereby is appropriated to pay for the Town's share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Act of 1932 bonds maturing in 1933, issued in compliance with chapter 10 of the Acts of 1932 (amounting to ten thousand (10,000) dollars); to pay for the Town's share of interest and other charges on account of said loan, of any other indebtedness and expenses incurred and outstanding under said chapter 10 and of interest on said bonds due in the year 1933 (amounting to five thousand two hundred forty-eight and 16/100 (5248.16) dollars more or less); and to pay for the Town's share of the cost of the care and treatment of tubercular patients under the provisions of chapter 385 of the Acts of 1928 as amended or otherwise (amounting to seven hundred two and 67/100 (702.67) dollars more or less) and of the cost of the care, maintenance and repairs of the Middlesex County Hospital and other expenses on account of said Hospital for the year 1932 including interest on temporary notes

issued therefor in accordance with sections 85 and 85A of Chapter III of the General Laws or otherwise and for all other expenses in connection therewith(amounting to eight thousand four hundred seventy-six and 94/100 (8476.94) dollars more or less), all as set forth in the order of the County Commissioners of the County of Middlesex, dated Jaunary 17, 1933; and that said sum be raised by general tax and expended under the direction of the Board of Selectmen.

Article 3 taken up. (Alteration of Medford Street.)

Emily G. Alden presented the following substitute motion:—

That the alteration of the way known as Medford Street from Webcowet Road to a point a distance of approximately 725 feet southwesterly in said Town and more particularly described in Article three of the Warrant as made and reported by the Joint Board of Selectmen and Board of Public Works, be not accepted: concerning which considerable discussion followed.

The substitute motion being put before the meeting was lost, a standing vote being sixty-one in favor and one hundred and thirty-one in opposition, Messrs Sears and Estabrook acted as tellers.

The recommendation of the Finance Committee being put before the meeting it was

Voted: (By standing vote 151 in favor and 33 in opposition)

That the alteration of the way known as Medford Street from Webcowet Road to a point a distance of approximately 725 feet southwesterly in said Town and more particularly described in Article 3 of the warrant

as made and reported by the Joint Board of Selectmen and Board of Public Works, be accepted, said way as so altered, established and said Joint Board authorized to take land for the purpose; that the sum of six hundred and ninety (690) dollars be and hereby is appropriated for the alteration and construction of said way, including land damages and the cost of any pavement and sidewalks laid at the time of such alteration and construction, all under the provisions of law authorizing the assessment of betterments, or otherwise; and that said sum be raised by general tax and expended under the direction of said Joint Board.

Article 4 taken up. (Alteration of Warren Street).

Voted: (Unanimously) That the alteration of the way known as Warren Street from the easterly side line of Medford Street a distance of approximately nine feet easterly and more particularly described in Article 4 of the warrant, as made and reported by the Joint Board of Selectmen and Board of Public Works, be accepted, said way as so altered, established, and said Joint Board authorized to take land for the purpose; that the sum of two hundred (200) dollars be and hereby is appropriated for the alteration and construction of said way including land damages and the cost of any pavement and sidewalks laid at the time of such alteration and construction, all under the provisions of law authorizing the assessment of betterments, or otherwise; and that said sum be raised by general tax and expended under the direction of said Joint Board.

Article 5 taken up. (Land for Park and/or Playground Purposes.)

Voted: (Unanimously) That the Board of Park Commissioners be and hereby is authorized and empowered,

on behalf of the Town, to purchase or take in fee by eminent domain or otherwise acquire for the purpose of a public playground all or any portion of a parcel of land situated in said Arlington and bounded and described as follows:

Beginning at a point on the division line between land of Town of Arlington and land of Gerardo Riccardi, said point being 133.88 feet northwest of the northwesterly side line of Grove Street, measured on said division line, thence northwesterly on said division line between land of Town of Arlington and land of Gerardo Riccardi, a distance of 35.0 feet to an angle point in said division line, thence continuing northwesterly on said division line between land of Town of Arlington and land of Gerardo Riccardi, a distance of 37.94 ft. to the southerly line of Mill Brook, thence easterly on said southerly line of Mill Brook, a distance of 25.52 feet to a point, thence southeasterly on said southerly line of Mill Brook, a distance of 14.20 feet to a point, thence continuing southeasterly on said southerly line of Mill Brook, a distance of 25.0 feet to a point on said southerly line of Mill Brook, thence southwesterly through land of Gerardo Riccardi, a distance of 35.76 feet to the point of beginning, containing 1710 square feet, as shown on a plan on file in the office of the Town Engineer, Arlington, Mass., entitled "Plan Showing Land to be Transferred in Arlington, Mass., Scale 1″ = 30′, Feb 14, 1933, James M. Keane, Town Engineer."

that for the purpose of such purchase, taking or acquisition, the sum of ten (10) dollars be and hereby is appropriated; and that said sum be raised by general tax and expended under the direction of the Board of Park Commissioners.

Article 6 taken up. (Sale of Playground Land).

Voted: (Unanimously) That the Board of Selectmen be and hereby is authorized and empowered on behalf of the Town to petition the General Court for authority to sell, convey or otherwise dispose of the parcel of land being a portion of the Ethel L. Wellington Playground situated on Grove Street and more particularly described in Article 6 of the warrant; and that the Board of Selectmen be and hereby is authorized, upon obtaining such authority of the General Court, to sell at public auction or private sale all or any portion of said parcel and to execute, acknowledge and deliver the proper documents for that purpose, all for the minimum amount of ten (10) dollars for such conveyance and upon such other terms as the Selectmen may consider proper.

The Moderator declared the Special Meeting adjourned as all the business in the warrant for the Special Meeting had been disposed of.

A True Record, Attest:

E. CAROLINE PIERCE,
Town Clerk.

ANNUAL MEETING

Arlington, March 22, 1933.

The business of the Warrant of the Special Meeting having been disposed of the Moderator declared the Adjourned Annual Meeting of this same date called to order.

Article 4A. Taken up. (Transfers of Salaries and Wages.)

The following substitute motion under this article as offered by W. Arthur Taylor being put before the meeting was lost.

That the town accept all transfers, gifts and contributions by town officers and employees, with the exception of contributions made by men listed as laborers and foremen employed by the Board of Public Works, upon the terms specified by such officers and employees, and that the town hereby determines and designates that any and all such gifts and contributions be used for the following purposes and in the following manner, and that the money's already received from above mentioned laborers and foremen be returned to them.

CONSTABLE'S RETURN

Arlington, Mass., June 2, 1933.

Middlesex County:

By virtue of this warrant I have notified and warned the legal voters of the Town of Arlington to meet at the time and place and for the purposes herein named by causing a printed attested copy of the same to be left at every dwelling house in the Town, and by posting an attested copy at the doors of the Town Hall seven days at least before said day of meeting and by posting attested copies in two or more conspicuous places in each voting precinct in the Town. A notice of the time, place and objects of the meeting was published in the local papers.

(Signed) A. GORDON WIER
Constable, Town of Arlington, Mass.

SPECIAL MEETING

Arlington, Mass., June 7, 1933.

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town of Arlington, by a constable of the said Town, and sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members duly elected and qualified to act in Town Meetings in Arlington, the Town Meeting Members met at the Robbins Memorial Town Hall in said Town on Wednesday, June 7, 1933 at eight o'clock in the evening.

Lists of the duly qualified Town Meeting Members were used at the entrance of the meeting place and were in charge of Philip T. Robinson and James E. Sweeney.

The check lists filed with the Town Clerk at the close of the meeting showed that 152 members attended the meeting.

James C. Carr, stenographer, was sworn by the Town Clerk to impartially and correctly report the proceedings of the meeting to the best of his ability.

The Moderator called the meeting to order at 8:15 o'clock P. M., declaring a quorum present.

Town Meeting Members not already sworn were sworn by the Moderator.

The Town Clerk read the call and the Constable's Return of the Warrant, the reading of the remainder of the Warrant being waived by the unanimous consent of the meeting.

On motion of Arthur P. Wyman:

Voted: That if all the business of the meeting as set forth in the Warrant is not disposed of on this date the meeting adjourn to Wednesday, June 14, 1933 at 8 o'clock P. M.

On motion of Arthur P. Wyman:

Voted: That Article 1 be taken up.

Article 1 taken up. (Report of Committees).

On motion of Ernest W. Davis:

On the substitute motion of Ernest W. Davis:

Voted: (Unanimously) That the additional sum of five thousand ($5,000) dollars be and hereby is appropriated for the Extension of the Sewerage System; said sum to be raised by general tax and expended under the direction of the Board of Public Works for the extension of Sewers.

Article 3 taken up. (Transfer of Appropriation).

Voted: (Unanimously) That the additional sum of three thousand (3000) dollars be and hereby is appropriated for the extension of water mains under the di-

rection of the Board of Public Works; said sum to be transferred from the unexpended amount of the appropriation for The Division of Highways and Bridges, Highway Maintenance and Repairs "Replacement of Equipment" made at this year's annual meeting.

Article 4 taken up. (Gift of land).

Voted: (Unanimously) That the Town accept a gift of the parcel of land containing thirty-nine hundred (3900) square feet more or less situated on Lockeland Avenue and Wildwood Avenue as bounded and described in Article 4 of the Warrant and in the offer of the Lockeland Real Estate Trust, to be dedicated and used for park purposes; that the powers conferred by Chapter 45 of the General Laws in relation thereto be exercised by the Board of Park Commissioners and that said Board be authorized to agree with said Trust as to the provisions of the deed of said parcel; that the sum of $25.00 be and hereby is appropriated for the amount of expenses incurred in connection with the title, survey and plans of said parcel; that said sum be raised by general tax and expended under the direction of said Board; and further that the thanks of the Town be sent to said Trust for its gift.

Article 5 taken up. (Dedication of Land to Park Purposes).

Voted: (Unanimously) That the Town dedicate to and for the purpose of a Public Park and/or Public Playground the parcel of land within the town acquired by the Town for municipal purposes at the annual meeting in 1918 and described in Article 5 of the Warrant; and that the powers conferred by Chapter 45 of the General Laws in relation thereto be exercised by the Board of Park Commissioners.

On motion of Arthur P. Wyman:

Voted: That Article 1 be taken from the table.

There being no further business under Article 1 the moderator declared Article 1 disposed of.

The Moderator declaring that all business in the Warrant calling this meeting having been disposed of the meeting adjourned at 9:00 P. M.

REPORT OF THE BOARD OF SELECTMEN

At the annual Town Election, held March 6, 1933, Mr. George H. Lowe, Jr. was elected a member of the Board for a term of three years. The Board organized with Mr. Arthur P. Wyman as Chairman and Mr. John A. Easton as Secretary.

The regular meetings of the Board are held in the Selectmen's Room, Town Hall, Arlington, on Monday evenings of each week, and all matters requiring action by the Board are given most careful consideration.

On April 1, 1933 the Board made the following new appointments: James J. Golden, Jr., Secretary to the Board of Selectmen; Mr. Luke A. Manning, Insurance Counselor; Mr. William E. Mason, present Inspector of Wires to also be Inspector of Buildings.

Elsewhere in this edition the report of Welfare and Soldiers' Relief Departments will be found. A scrutiny of same will disclose the heavy burden on the Town. The continuance of the depression has made the year 1933 a critical year in this department. Mr. Clifford W. Cook, Agent, is commended for his able and conscientious discharge of his duties. His humane attitude toward applicants and disposition of same are of tremendous aid to the Board.

POLICE DEPARTMENT

The year has been marked by the recognition given generally to the efficiency of radio broadcasting by Police Departments. The Arlington Police Department has been

a pioneer in its development and has progressed with modern improvements. The Department maintains and operates its own receiving and broadcasting system. The Department automobiles and motorcycles are equipped with radios and have demonstrated their utility very frequently in many and varied instances. The hook-up with adjoining municipalities has been of mutual satisfaction.

On September 3, 1933, Sergeant Charles E. Carroll was appointed Lieutenant. On August 8, 1933, Reserve Officer Adalbert T. Zwinck was appointed permanent patrolman. On December 29, 1933, Reserve Officers William J. Lannigan and Clinton W. Peabody were appointed permanent patrolmen.

Our Police Department has an excellent rating among the Departments of the State. The citizens should know that its personnel, equipment, efficiency and morale are assurances of adequate protection to the Public Safety.

Chief Bullock's annual report in more detail will be found elsewhere in this edition.

FIRE DEPARTMENT

Chief Daniel B. Tierney has been signally honored by being elected President of the New England Fire Chiefs' Association.

The fire department continued the excellent record of former years. During the year the Department maintained in co-operation with the State Board of Education and State Board of Fire Prevention, a training school for firemen. Local and visiting firemen from adjoining towns and cities comprised this class with officers from our own Department as instructors. Arlington was selected for

this class because the department was equipped with modern facilities for such instruction. The completion of the course was the occasion of a banquet with suitable exercises and the attendance of officials responsible for this course.

The efforts of the Chief and members of his department to instruct the citizens in fire prevention is commended. The direct result of co-operation between the public and department is reflected in the report of fire losses.

The maintainance of the efficiency and record of the department enabled it to retain its position in the foreground among the departments of the Commonwealth.

Chief Tierney's report will be found in detail elsewhere in this edition.

GENERAL MATTERS

On April 10, 1933 Mr. Dennis I. Donahue was appointed Registrar of Voters to fill the vacancy occasioned by the resignation of Mr. James J. Golden, Jr.

The nineteenth of April (Patriots' Day) was observed by fitting exercises. The local veterans and patriotic organizations co-operated with the General Committee of Boston in arranging and carrying out of the program. Revere and Dawes made their annual visit and with their escorts were received at the Town Hall.

During the year the U. S. Government made available for States, Cities and Towns various grants of money. After a conference with the Chairman of the Finance Committee, Mr. Ernest W. Davis and Town Accountant, Mr. Clarence Needham, the Board decided that it would be inadvisable to borrow money under the provisions of the National Recovery Act. The reason for same that it

would be more expensive to accept such aid than to borrow funds through the regular channels.

The Board submitted projects under the provisions of Civil Works Administration Act. These projects were of a varied nature and all deemed suitable from the viewpoint of improvement to town property, relief to welfare and unemployed. Our schools, fire stations and town buildings were enabled to have repairs made that otherwise would not have been possible at this particular time. The widening of Summer and Appleton Streets, park improvements, care of trees, laying of sewers are among the projects now under construction. -Through these works our Welfare Department and unemployed have been materially aided.

Under authority of an enabling act passed by the State Legislature in 1933, the Selectmen called a Special Election on June 13, 1933.

To vote for three (3) delegates to a Constitutional Convention called to ratify or reject the 21st Amendment to the Constitution of the United States.

To determine if the Town would allow the sale of wine and malt beverages not to exceed 3.2 per cent in volume. The voters by ballot voted to allow the sale.

On petition under authority of an enabling act passed by the State Legislature in 1933 a Special Election was held on December 21, 1933, to determine if the Town would allow the sale of alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages). The voters by ballot voted not to allow the sale.

During the year the last surviving member of Post 36, G. A. R., Commander Alfred H. Knowles, died at the age of ninety-two years. The deceased always had the

interest and welfare of the Town at heart. He was much beloved by the school children and his annual visit to the schools on Memorial Day were always eagerly anticipated. Citizens in general, mourn his departure and will cherish the ideals that made him the imposing figure in our town.

With his death, the town, under provisions of the deed of gift, becomes the owner of the G. A. R. building and land. The income from said property to be used for the benefit of the public library.

MENOTOMY HALL

This building has furnished space for the clerical staff and others employed under the local administration of the Civil Works Program.

The following organizations use this building: American Legion Band, Boy Scouts, Girl Scouts, Corporal William Power Kenibbs Camp No. 66, Corporal William Power Kenibbs Auxiliary Camp No. 67, High School and Junior High School basketball classes, and the Sir Galahads. Two offices on the second floor are occupied by the director of the Unemployment Committee and Arlington Welfare Council. The two offices on the ground floor are both occupied at a satisfactory rental.

The Board members wish to express their appreciation for the co-operation extended from individuals, committees, boards and other organizations in assisting them in the performance of their official duties.

REPORT OF BOARD OF PUBLIC WELFARE

January 1, 1934.

Honorable Board of Selectmen,
Arlington, Mass.

Gentlemen:

I herewith submit my report for the Welfare and Soldiers' Relief Departments for the year ending December 31, 1933.

Distress, due principally to continued unemployment, resulted in unprecedented demands on this Department for relief during the year. 666 families were aided as compared with 382 cases in the previous year. Our cost of administration, however, including the expense of movng to larger quarters, increased only in the amount of $1,169.29.

In order to adequately protect the Town against frauds and impositions, our own investigations were supplemented by the investigations of all cases by the Police Department beginning May 1st.

The Misses Ida F. and Caira Robbins presented to the Town, in memory of their grandfather and grandmother, the Nathan Robbins House which was formally accepted on November 4, 1931. The generosity of this gift has provided adequate quarters for the administration to the needs of Arlington citizens in distress and enabled this Department to more efficiently carry on its work.

The parlor was converted into a private office, the library as a general office, and the hall utilized as a waiting room. The interior of this section was repainted by Welfare recipients and some alterations made. A heating system was installed to provide necessary heat for this section of the house. Adequate space on the same floor was available for the storage and distribution of Federal commodities. The entire exterior of the house was repainted by unemployed under the Federal Civil Works Administration program.

Beginning November 16th the following commodities were assigned by the Federal Relief Administration and distribution made through this Department under Federal Relief Regulations.

4000	pounds Pork
150	bushels Apples
300	dozen Eggs
130	tons Coal

Necessary steps were taken early in the year to properly insure the Town against loss through being unable to collect reimbursements due from other municipalities for cases aided by this Department, with outside settlements. Proper systems and records were adopted for our protection in the future in such controversial cases, and legal action was taken by the Town Counsel during the year against four cities, for reimbursement due for aid rendered. Under the Statutes these debts were otherwise soon to become uncollectable.

One case of fraud was prosecuted in the Courts, the recipient found guilty, placed on probation and ordered to make restitution to the Town.

Our policy of assigning able bodied men, whose families were recipients of public relief, to work in return for this aid was continued through the year. The Park De-

partment, Board of Health, Public Works Department and School Department, were benefited by this procedure in the amount of 16,113 man days.

Federal Civil Works Administration projects were started early in December, and prior to December 8th, 39 Soldiers' Relief cases and 85 Welfare cases were taken from our rolls and assigned to this work.

PUBLIC WELFARE was extended to 466 families, 263 of these cases having Arlington settlement, 123 were State responsibilities, and 80 with proven settlements in other cities and towns in the Commonwealth.

MOTHERS' AID was rendered to 13 families. There were 7 cases with Arlington settlement, 1 with State settlement and 5 with settlements in other cities and towns.

OLD AGE ASSISTANCE was granted to 65 cases; 16 new cases being added through the year and 10 discontinued. There were 47 cases with Arlington settlement, 4 with State settlement and 14 settlements in other municipalities.

SOLDIERS' RELIEF was extended to 108 Veterans and their families. Due to the Federal Economy Act effective July 1st, the discontinuance of free hospitalization of Veterans in Veteran Hospitals, and the decrease or discontinuance of compensation and disability allowances, an additional burden was placed on this department, insofar as the Act effected needy Veterans.

STATE and MILITARY AID was allowed to 14 disabled Veterans and their families.

Total Expenditures for Welfare Aid
and Mothers' Aid $160,849.10

Less reimbursements from State and Municipalities	38,622.22
Net Expense	$122,226.94
Total Expenditures for Old Age Assistance	$ 17,978.30
Less reimbursements from State and Municipalities	5,110.77
Net Expense	$ 12,867.53
Total Expenditures for Soldiers' Relief, State and Military Aid	$ 43,830.73
Less reimbursements from State and Municipalities	1,169.00
Net Expense	$ 42,661.73

* Reimbursement in the amount of $27,066.68 by the Federal Relief Administration, not included in the above summary.

The Department wishes to express its appreciation to Town Departments and Officials, Civic Agencies, and the Churches, whose co-operation has supplemented our efforts.

Respectfully submitted,

CLIFFORD W. COOK,
Agent.

REPORT OF THE INSPECTOR OF ANIMALS

Arlington, Mass., January 5, 1934

To the Board of Selectmen
Town of Arlington.

Gentlemen:

I herewith submit my report as Inspector of Animals for the Town of Arlington for the year ending December 31, 1933.

There is a noticeable falling off in the number of cows kept in the Town this year. There were fourteen cows this year, twenty-five cows in 1932.

As usual the major portion of the work is caused by the dogbite cases.

The following table shows at a glance the duties performed by me during the year:

Number of Premises inspected where cattle were found	9
Number of cattle inspected	14
Number of sheep and goats inspected	6
Number of dogs quarantined for biting or scratching people	100
Number of dogs quarantined for contact with Rabies cases	None
Number of dogs' heads sent to Laboratory	3
Number of dogs' heads found positive	3
Total number of Rabies cases during year	3
Number of persons bitten by Rabid dogs	2

Total number of calls made on dogs..... 220
Total number of calls made on all animals..... 234

The number of dog-bite cases increased twenty-one per cent over 1932.

The first Rabies case was reported by Laboratory as "suggestive" but no later report was made that small animal inoculation proved "positive."

The second case was a dog owned in Arlington, which died at the Animal Rescue League, and the Laboratory report showed a "positive" case of Rabies. The history showed that the dog had been bitten one month previous by a dog, which died two days later, the owners believing animal was poisoned, but which probably died of Rabies.

The third case was a dog owned in Brighton, which wandered into Arlington, near Spy Pond, and was taken from a Filling Station to the Animal Rescue League; later the Laboratory reported a "positive" case of Rabies.

We have been fortunate in not having had more cases, as Newton had quite a few cases and general quarantine and vaccination was ordered.

Quarantine of each and every dog-bite case is quite necessary in order to protect the large number of small children, who are bitten each year, from a possible Rabies infection.

I wish to thank the Board of Health and the Police Department for their generous support during the year.

Respectfully submitted,

CHESTER L. BLAKELY, M.D.V.,

Inspector of Animals.

BOARD OF APPEAL

January 3, 1934.

To the Board of Selectmen,
Arlington, Mass.

Gentlemen:

The Board of Appeal respectfully submits its fifth Annual Report:

During the year ending December 31, 1933, five appeals were made to the Board from the decision of the Inspector of Buildings.

The Board upheld the decision of the Inspector of Buildings in one case, and reversed his decision in three cases.

The fifth case, one involving the zoning law, was not considered, as the appellant failed to comply with a certain requirement of the zoning law, which constitutes a condition precedent to the right to a hearing.

Respectfully submitted,

FREDERICK F. LOW
ALTON F. TUPPER
THOMAS J. DONNELLY

Board of Appeal.

REPORT OF INSPECTOR OF BUILDINGS

Arlington, Mass., January 8, 1934.

To the Honorable Board of Selectmen,
Arlington, Mass.

Gentlemen:

I herewith submit my report of the inspection of buildings, plumbing and gas for the year ending December 31, 1933.

Two hundred and forty-four building permits have been issued, compiled as follows:

Dwellings, one-family	68	$368,500.00
Dwellings, two-family	1	11,000.00
Garages	48	17,100.00

Fireworks stand	1	50.00
Henhouse	1	50.00
Demolish dwelling, one-family	5	650.00
Demolish Convent	1	200.00
Demolish School	1	200.00
Demolish buildings	18	1,010.00
	244	$505,185.50

696 Plumbing and 519 Gas permits have been issued. Fees collected for the year were as follows:

244 building permits	$699.00
696 plumbing permits	981.75
519 gas permits	259.50
Total	$1,946.25

The year 1933 has closed with the record of building permits maintaining the position it has in the past, with that of surrounding towns.

The records of inspection under my jurisdiction are from May 1, 1933, when I took office, to December 31, 1933, and it has been my purpose to serve the public in the matter of all inspections under every permit with due regard to the Building Code, and although violations occur, nothing flagrant enough has transpired to have the attention of court procedure.

There is an increased use of range oil burners, and the heater coils installed in connection with the same pro-

vide a dangerous condition insofar as overheating of water is concerned unless approved safety devices of the temperature type are installed. Such a condition requires additional and careful investigation.

There are at present three automatic temperature valves approved for use in this Town after a very rigid test given at the Arlington Gas Company's works, to whom we are indebted for their gracious co-operation.

During the year six appeal cases were before the Board of Appeal for disposition. One was incomplete because of the appellant's lack of proper procedure, four were granted and one was denied.

The consideration and co-operation accorded me has been appreciated and I wish, at this time, to thank those town officials I have been in contact with.

Respectfully submitted,

W. E. MASON,

Inspector of Buildings.

REPORT OF FIRE DEPARTMENT

January 1, 1934

To the Honorable Board of Selectmen,
Arlington, Massachusetts,

Gentlemen:

I have the honor to present my eleventh annual report as Chief of the Arlington Fire Department for the year ending December 31, 1933.

The manual force consists of forty-eight men, including Chief, two Deputies, seven Captains, six Lieutenants, and thirty-two privates, also a Department surgeon (Dr. Winslow M. Kingman).

November 4th the Department lost by death after a short illness, Thomas Joseph Flatley, who was born in Arlington, March 18, 1905, appointed fireman June 10, 1928.

He was a young man of sterling character, faithful and loyal, always willing to give his best effort to the work in which he was deeply interested. His passing is a distinct loss to the Fire Department.

Captain John Francis Sweeney was born in Arlington June 24, 1867 and was appointed permanent fireman July 14, 1897. At his request he was retired on a pension August 1, 1933. He always enjoyed the respect and confidence of his superiors as well as that of those under his command. For more than a third of a century his

record of unselfish and unfailing devotion to duty and his kindly disposition won for him the love of every member of the Department.

Two ladder trucks, four pumping units and a special service unit are in active service. A new car for the Chief was bought this year.

A Knox Combination bought in 1913 is held in reserve, another Knox Combination bought in 1911 has been converted to a supply truck.

The Department responded to 142 box alarms, 181 still alarms (telephone calls), 66 mutual aid calls (out-of-Town), a total of 389 calls, 119 less than in 1932. In 1931 the Department responded to 456 calls and in 1930 to 575, the largest number in the history of the Department.

Twenty-one false alarms were received. In 1932 we had twenty-two; in 1931, five; in 1930, two calls.

Fourteen injuries were received by firemen while in performance of duty.

A total of 116 office and outcalls were made by Dr. Kingman, listed as follows; office visits, 54; house visits, 43; treated at fire, 2; treated at stations, 12; at hospital, 1. Attended one drowning and one auto accident and treated two victims at fires. He responded to 91 box alarms.

The total value of property endangered, the insurance thereon, the loss sustained and the insurance paid follows:

	Value	Insurance	Damage	Insurance Paid
Buildings	$505,000.00	$502,350.00	$31,374.88	$31,364.88
Contents	56,900.00	55,100.00	5,766.13	5,556.13
Total	$561,900.00	$557,450.00	$37,141.01	$36,921.01

Losses by fires for five years

1929	1930	1931	1932	1933
$72,098.50	$99,177.21	$58,326.73	$60,206.96	$37,141.01

Fires that caused losses of $1000.00 or more.

Jan 8th. St. Agnes Church. Probably incendiary	$1,000.00
Jan 31st. Unoccupied dwelling, 16 Avon Place. Incendiary	5,514.11
June 23rd. Unoccupied dwelling, 7 Reed St. Spon. Ignition	1,500.00
Dec. 27th, Two-family dwelling, 99 Bow St. Spon. Ignition	2,737.78
Dec. 29th, Tappan residence, 269 Mass. Ave Furnace	12,168.00
Dec. 29th, Murphy residence, 8 Henderson St. Defective chim.	1,843.29
Dec. 31st. Lydecker residence, 355 Mystic St. Christmas tree	1,289.85

Two second alarms were sounded, 16 Avon Place and 269 Mass. Ave.

More than one half of the fire loss occured in December, eight fires during the month caused a loss of $19,-341.02.

FIRE PREVENTION

The Department made 16,888 semi-monthly inspections of all places of business and public buildings througout the Town, in which only three fires occured that entailed a loss of $1418.00. Last year we had six; in 1931, three; and three in 1930.

This is a fine record for the merchants of the Town over a period of years. They have always supported the Department in its effort to prevent fires.

This was the tenth annual inspection of the cellars of all dwellings by the firemen on their "days-off".

The cellars of 6893 dwellings were thoroughly inspected and with comparatively few exceptions showed that much care had been taken by the householders to eliminate and correct conditions that might cause or accelerate fires.

Only eleven fires occurred in the cellars of dwellings, two of which were caused by heaters during the sub-zero weather; in 1932 there were seven cellar fires; in 1931, eleven; in 1930, nine.

The annual inspection of cellars, together with the splendid co-operation of the householders in correcting all unsafe conditions called to their attention by the firemen, has been an important factor in curbing the dreaded cellar fires.

Following is some data compiled as a result of this inspection;

1933		1932
6,893	Total number of houses	6,849
437	Vacant apartments	397
480	Combustible roofs	561

1,139.....Automatic oil burners..... 658
1,734.....Range burners..... 581

NUMBER OF HOUSES EACH YEAR

1924 (first inspection) 3,918; 1925, 4,640; 1926, 5,170; 1927, 5,561; 1928, 5,924; 1929, 6,247; 1930, 6,494; 1931, 6,739; 1932, 6,849; 1933, 6,893.

INSPECTIONS

Mercantile inspections, 16,888; dwellings, 6,893; range burners, 1734; Automatic burners, 581. Total inspections, 26,096. In addition the Department interviewed more than five-hundred owners of private garages who had not taken out the original license as required by law.

FIRE DRILLS IN SCHOOLS

Fire drills were given in all public and private schools, a record taken of the number of class rooms, pupils, exits used, and the time required to vacate each building. These records show that the pupils have been thoroughly trained so that should an emergency arise they would leave the buildings speedily and safely.

Four hundred and twenty extinguishers were recharged in schools and other public buildings, garages and factories.

I recommend that the Department be placed under Civil Service the coming year.

I recommend that $115,555.75 be appropriated for the ensuing year.

In conclusion I wish to express my gratitude to the Selectmen for their unfailing assistance in all matters pertaining to the welfare of the Department; the Board

of Public Works for its willingness to help on every occasion; the Police Department for the many services rendered the Department; and to my own officers and men to whom all credit is due.

DANIEL B. TIERNEY,

Chief, Fire Department.

FIRE AND POLICE SIGNAL SYSTEM

January 10, 1934.

To the Honorable Board of Selectmen,
Arlington, Massachusetts.

Gentlemen:

I respectfully submit my first report as Superintendent of Fire and Police Signal System for the year ending December 31, 1933. Until July 1, 1933 this system was in charge of Chief Daniel B. Tierney.

Five fire boxes were located at these locations: Box 261, Massachusetts Avenue and Magnolia Street; Box 262, Massachusetts Avenue and Lafayette Street; Box 132, Massachusetts Avenue and Allen Street; Box 351, Mystic Street and Russell Street; Box 425, Pleasant Street and Gould Road.

There were five open circuits on the fire alarm system during the year, two were caused by automobiles knocking over pedestals, one at Massachusetts Avenue and Tufts Street, and the other at Massachusetts Avenue and Trowbridge Street, one by a limb of a tree at Lowell Street and Lowell Street Place, one by linemen working on pole at Robin Hood Road, one by lightning striking the circuit at the Heights.

The Lexington, Somerville and Winchester Mutual Aid circuits were open during the year by lightning striking the lines and operating the protectors at Fire Alarm Headquarters.

Night bells were installed in the Highland Station May 1, 1933.

Pedestal 512 at Massachusetts Avenue and Mill Street, and pedestal 572 at Massachusetts Avenue at Lexington Line were struck by unknown automobiles breaking the four sub base bolts.

The underground cable on Medford Street at Jean Road, was damaged by men resurfacing Medford Street. The damaged cable was repaired by the Telephone Company when they repaired their own cable.

Trees were trimmed from all fire and police circuits.

All fire and police boxes were painted during the year.

POLICE SYSTEM

The police telephone in the Public Welfare Office was discontinued April 17, 1933. This office has been moved to the Robins House.

A police telephone was installed in the Fire Alarm Headquarters and connected to circuit No. 2.

The police motor and generator set was overhauled and put in first class working condition.

Police circuit No. 4 was open at Park Avenue and Lowell Street, caused by splice corroding at the underground pole.

Police circuit No. 1 was open twice during the year, caused by pedestal being knocked over by automobiles, and grounded by men replacing the underground pole on Thorndike Street.

RECONSTRUCTED LINES

New cross arms were installed and lines were overhauled on Orvis Road from the underground pole to Brooks Avenue.

The lines on Thorndike Street were overhauled and cleared through the trees.

Three(3) poles and eight(8) live wires were removed from the streets by this department during the year.

Number of persons admitted to their homes	7
Number of transfers.	31
Number of radio calls.	15
Number of cats rescued from trees.	9
Appropriation.	$5335.00
Expended.	5330.16
Unexpended Balance	4.84

Respectfully submitted,

LESTER W. CAMERON.

Supt. F. and P. Signal System.

REPORT OF THE GYPSY AND BROWN TAIL MOTH DEPARTMENT

To the Honorable Board of Selectmen.

Gentlemen:

I hereby submit my report as superintendant of the Gypsy Moth Department for the year ending December 31, 1933.

The moth situation in this town is equal if not more satisfactory than any town or city in this state.

The work of creosoting the egg clusters of the Gypsy Moth was carried on as usual. The infestation this year has increased some twenty-five per cent over the previous year with some trees having as many as eight or ten egg clusters or more.

During the year whenever property owners requested to have their estate sprayed it was done, thereby making a remittance to the town.

The Brown Tail Moth is practically extinct in itself, but there are many people who have mistaken the Tent Caterpillar and Fall Web Worm for this insect on account of its appearance, and many complaints have been received at this office regarding it, but actually we did not find more than fifteen of these insects.

There was an infestation of the Willow Beetle on some of our Willow trees at Menotomy Rocks Park, on the Pleasant Street shore of Spy Pond, also on some of our Willows at Meadow Brook Park.

Last summer the Elm Leaf Beetle defoliated Elm trees in all the New England states, but in this town the damage was very slight. There were two Elm trees in the Arlington Heights section of the town that were affected, but care should be given all our stately Elm next summer, as it is a very serious matter.

I had ten men working at the Symmes Arlington Hospital and at the Arlington Heights Reservoir during the latter part of the year under the C.W.A. Program cutting underbrush and taking out dead and undesirable trees for the prevention and eradication of the Gypsy Moth without any cost to the town.

The best time to control insect pests of all species is when they are few in number. It can then be done successfully and economically and I would suggest that this work should still continue.

In conclusion I wish to thank the Board of Selectmen and their Secretary for the courtesy and co-operation they have rendered me during the past year.

Respectfully yours,

GEORGE M. DOLAN,

Superintendent.

The net cost of the Police Department for 1933, including maintenance of Police Headquarters and equipment, was $107,650.72, itemized as follows:

Salaries	$109,456.17	
Maintenance of Building and Other Expenses	11,222.83	
Gross Cost		$120,679.00
Less receipts as follows:		
Court fines turned over to Treasurer	$ 1,116.52	
Radio Contracts	600.00	
Revolver Licenses	150.00	
Taxi Operators' Licenses	13.00	
Miscellaneous Receipts	203.15	
Total Receipts	$ 2,082.67	
10% of salaries donated	10,945.61	
Total Deductions		$13,028.28
Net cost of department for 1933		$107,650.72

Per capita cost based on population of 38,000.....$2.83

The net cost per capita of the department is considerably lower than any surrounding city or town of comparatively the same size.

The radio equipment which was installed in 1932 has been of great assistance in keeping Arlington comparatively free from crime. It has proven its worth many times during the past year and has become absolutely necessary for all police departments.

The radio service which we are giving to Lexington, Winchester, and Woburn at a minimum cost to each of $300. per year, has virtually created a second line of

defense partly surrounding Arlington. I expect during the coming year to have Belmont come in with us on this radio hook-up, under the same plan as those already in, and if this happens, Arlington will be completely surrounded with radio cars, as Somerville and Cambridge are already equipped and operating on the same frequency as Arlington.

If a crime is then committed in Arlington and a message is immediately sent out to all cars in this general hook-up, the criminal has an excellent chance of being apprehended before he can get through this general radio hook-up.

The following is the radio record for the year ending December 31, 1933:

Total number of messages broadcast		21,567
Calls direct to specified cars:		
Arlington patrol cars	4860	
Woburn patrol cars	1470	
Winchester patrol cars	974	
Lexington patrol cars	380	
Somerville patrol cars	51	
Total number of calls to specified cars		7,735

Arrests made by Arlington patrol cars:		
With Warrant		65
Without Warrant		282
By Car No. 7	108	
By Car No. 8	178	
By Car No. 9	61	
Total arrests by Arlington cars		347

During the time, the Somerville Department were moving to their new headquarters, this department broadcast all messages for them.

Lost time for year: Leave of absence with pay, 6 days; leave of absence without pay, 4 days; officers sick, 431 days.

During the year 1664 complaints were brought to the attention of the courts. 1589 were males; 75 were females; 32 of which were juveniles or persons under 17 years of age. $2,415.00 was imposed as fines and costs. Total imprisonment imposed was 22 years, 8 months. 845 of which were residents and 819 were non-residents.

In addition to the number of complaints made in court, 1797 persons were booked for violation of the automobile laws and traffic rules, and the cards filed as a warning in my office.

Chief attended court 17 days and officers attended 1200 days.

AUTOMOBILE FATALITIES

This year four persons have been killed in Arlington by automobile.

February 8, 1933—Charles T. Hayes, age 65, a pedestrian, was struck by an automobile at the junction of Massachusetts Avenue and Pleasant Street.

August 27, 1933—Mary DiLuzio, age 41, a passenger, thrown from automobile and crushed underneath the auto at the junction of Summer Street and Forest Street.

September 25, 1933—Paul L. O'Reilly, age 13, riding a bicycle, was run over by a five ton Mack Truck at Massachusetts Avenue and Mystic Street.

October 11, 1933—John J. Harty, age 66, a pedestrian, was struck by an automobile at the junction of Massachusetts Avenue and Mystic Street.

OTHER FATALITIES

Death—Natural causes	1
Death—Heart trouble	3
Death—Drowning	3
Suicide by cutting throat	1
Suicide by shooting	1
Accidental drowning	1
Accidental shooting	1

TRAFFIC

The automobile traffic problem has been increasing each year as we find our population increasing and greater numbers of automobiles traveling through Massachusetts Avenue.

An automobile traffic count taken in June 1932 by the Engineering Department listed 44,856 automobiles traveling through Arlington Centre in twenty-four hours. During 1933 we had a total of one hundred-twenty-five automobile accidents on Massachusetts Avenue where persons were injured, two of which were fatal. Twenty-four of these occurred in the Centre.

In my annual report for 1931 I mentioned the fact that it would be necessary to install additional traffic signal lights along Massachusetts Avenue in order to facilitate the proper handling of traffic and to prevent accidents, whenever funds were available for this purpose. I feel that if we are to properly safeguard the welfare of the public, we should install, this year, at least one new set of lights.

I, therefore, recommend that the sum of $900.00 be appropiated for traffic signals.

These lights are to be installed at Massachusetts Avenue and Foster Street, and are to be timed with the lights at Lake Street and the Centre section so that a

machine ,starting on the green light at Lake Street traveling west at the rate of 25 miles an hour, would be enabled to proceed completely through the Centre without stopping.

At the present time the distance between Lake Street and Franklin Street is too great to prevent congestion through the Centre, and the congestion causes a great many avoidable accidents. With this additional light at Foster Street, the traffic that is now allowed to proceed from Lake St. to Franklin Street, where it piles up until that light turns green, will be split up at Foster Street and should relieve the Centre considerably, and at the same time regulating the speed of motor vehicles to 25 miles per hour.

I also recommend that the sidewalk on the northerly side of Massachusetts Avenue from Medford Street to Mill Street be cut back approximately five feet, as was done two years ago on the southerly side. This has greatly improved the flow of traffic through the Centre and allows greater parking facilities.

Arlington still retains its high standing as a law abiding town, and a clean place in which to live. This is, of course, due in a great measure to the continued efforts of all members of the Department in the enforcement of the laws and the preservation of the peace.

In closing I wish to thank your Honorable Board for your cooperation and assistance during the past year, and all other citizens who have, in any way, assisted the Department in their work, and with your continued support, this Department shall endeavor to retain the high standing it now possesses.

Respectfully submitted,

ARCHIE F. BULLOCK
Chief of Police.

One thousand nine hundred forty-five (1945) weights and measures were inspected, sealed or condemned at my office, or at several places of business and statutory fees amounting to the sum of $140.98, were received and paid to the Tax Collector.

During the year at various times I made inspections of package goods and re-weighings of orders ready for delivery in the different places of business. I have re-checked several of the sealed devices, to insure their accuracy.

Through my activities in the inspection of Hawkers and Peddlers, and Transient Vendors the Town Treasurer has received the following sum:

Hawkers' and Peddlers' Licenses.....$450.00

As a result of inspections I found it necessary to prosecute 8 cases. All were found guilty and fines amounting to $85.00 were imposed by the Court. In one case the defendant was sentenced to three months in the House of Correction by the Superior Court. Two cases where short measure in the sale of wood was found, restitution was made to the purchaser. Two cases in the sale of oysters, short measure was given and restitution was made satisfactory to the purchasers.

Reweighing of coal in transit has been followed up very closely and in addition some deliveries of coal made to the School Department was checked and found to be correct.

Respectfully submitted,

ALLAN E. COWIE,

Sealer of Weights and Measures.

REPORT OF THE BOARD OF PUBLIC WORKS

The Board of Public Works herewith submits its annual report for the year ending December 31, 1933.

At the Town Meeting held on March 6, 1933, John E. Mitchell was elected member of the Board for the term of three years. The Board organized on March 8 with the choice of Edward T. Ryan as chairman.

APPOINTMENTS

At a meeting held March 27, William J. Toomey was appointed Superintendent of Public Works; and John L. Pichette was appointed Superintendent of the Sanitary Division, these appointments to be effective until March 31, 1934. Henry E. Lewis was appointed Clerk of the Board, Water Registrar and Purchasing Agent as of May 1, 1933. On July 24 Mr. Lewis offered his resignation in order to accept another position. This was accepted to take effect on August 14, and William B. Barry was appointed to fill the vacancy caused by the resignation.

MEETINGS

The meetings are held Monday evenings. During the year the Board held fifty-two regular and eight special meetings.

The following are the net expenditures made under the direction of the Board:

Highway, Maintenance and General	$ 79,829.72

Total	$423,392.96

*$1,356.04 paid to A. G. Tomasello and Son, for 1932 work included in this amount.

**This sum transferred as follows—$1,000.00 to Sewer Extensions, $2,000.00 to Water Maintenance.

HIGHWAY DIVISION

In the Maintenance Department of the Highway Division, fourteen thousand, eighty-eight dollars and fifty three cents were spent for the Cleaning of Streets; and for the Maintenance and Repair of Public Ways, $9,300.31. Due to the fact that the concrete surface of Massachusetts Avenue is beginning to show signs of wear in some places, the maintenance cost increased during the year and $809.28 were spent in keeping this street in repair.

For the Care and Repair of the Storm Drain System during the year the sum of $4,146.55 was expended.

Seven thousand, seven hundred thirty-nine dollars and six cents were expended for the Maintenance of Gravel Sidewalks, and for the Maintenance of Tar and Granolithic Sidewalks, the sum of $3,667.25.

For the Care and Erection of Street Signs there was expended $1,625.69.

In order to preserve the surface and prevent deterioration, $7,745.08 were expended for Tarring Streets.

Fessenden Road was widened at a cost of $243.67, and the widening of Massachusetts Avenue was continued between Lake and Chandler Streets at a cost of $422.73.

RECONSTRUCTION OF STREETS

During the year Medford Street was reconstructed between Chestnut Street and the Medford line, and Pleasant Street was reconstructed for its entire length. Pre-mixed Bituminous Concrete Pavement (type D) was used on both of these streets, the work being done under the Provisions of Chapter 90 of the General Laws, the State and County paying two-thirds of the cost. Payments

made to date amount to $55,690.57, which is not the final cost. For explanation see Table I in this report.

NEW STREET CONSTRUCTION

During the year the following streets were constructed:

Brooks Avenue, from Lake Street to Varnum Street.

Egerton Road, from Herbert Road to Brooks Avenue.

Margaret Street from Lake Street to southerly side line of Edith Street.

Melrose Street, from Herbert Road to Brooks Ave.

Milton Street, from Herbert Road to Brooks Ave.

These streets were built by the employees of the Public Works Department, assisted by some Welfare labor. The Board is glad to report that although unusual conditions were encountered on Margaret Street which increased the cost very considerably, the total cost of construction of all these streets was $5,882.07 less than the original estimated cost of $46,622.93.

Board of Public Works.

REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS

To the Honorable Board of Selectmen,
Arlington, Mass.

Gentlemen:

The Joint Board of Selectmen and Board of Public Works respectfully submits its thirtieth annual report for the year ending December 31, 1933.

At the Annual Town Election held March 6, 1933, Mr. George H. Lowe, Jr., was elected a Selectman for a term of three years, and Mr. John E. Mitchell was elected a member of the Board of Public Works for a term of three years, and by virtue of such elections both became members of this Board.

The Board organized with Mr. Arthur P. Wyman, Chairman.

The following appointments were made for the year ending April 1, 1934: Secretary, James J. Golden, Jr.; Town Counsel, John L. Murphy; Town Engineer, James M. Keane; Superintendent of Wires, William E. Mason.

NEW STREETS

Applications were received requesting estimates for the construction of nineteen streets. Seven of this number were recommended by the Board for construction.

At the Annual Town Meeting the following were accepted for construction:

Brooks Avenue	Margaret Street
Egerton Road	Melrose Street

Milton Street

The sum of money appropriated for this purpose was $46,622.93.

STREET LIGHTS

The Street Lighting schedule has continued as in previous years, and additional lights have been installed on private and public ways where it was deemed necessary.

SIGNAL SYSTEMS

On July 1, 1933, Lester W. Cameron took over the duties of Superintendent of the Fire and Police Signal System, succeeding Daniel B. Tierney, Chief of the Fire Department, who had asked to be relieved of this added responsibility.

This department had been under the control and supervision of Chief Tierney for several years and the results obtained were most satisfactory.

The System continues in good working order, additional signal boxes have been installed, and several existing boxes have been re-located to points where they would serve more efficiently.

SIDEWALKS AND EDGESTONES

The Finance Committee after careful consideration, and with due regard to existing conditions, recommended that no money be appropriated for the construction of permanent sidewalks and the installing of edgestones in

1933. This recommendation was supported by the Town Meeting Members at the Annual Town Meeting. For the first time in years there were no sidewalks constructed or edgestones installed.

NEW BOARD OF SURVEY PLANS

The Board took favorable action on the following plans presented for approval: Appleton Place and Central Street and Warren Street.

The Board recommended that alterations be made on Medford and Warren Streets which was accepted by the Town Meeting Members at the Annual Town Meeting.

The names of the following streets were changed by the Board upon petition of property owners:

Meadow Street, from Summer Street to Berkeley Street, to Arthur Road.

Cutter Avenue, from Summer Street to Mill Street to Richfield Road.

ITEMS OF GENERAL INTEREST

Hearings have been given on petitions from the New England Telephone and Telegraph Company of Massachusetts and the Edison Electric Illuminating Company of Boston for pole locations and underground conduits, and the Arlington Gas Light Company requests for locations for gas mains in various public ways have been granted.

Medford Street, from Warren Street to the Medford line and Pleasant Street, from Arlington Centre to the Belmont line have been reconstructed with bituminous

concrete. The State, County and Town shared in the expense of these improvements.

The Board has given careful study and consideration to all matters coming before it for action, and has endeavored to promote the best interests and welfare of the Town.

REPORT OF THE TOWN ENGINEER

To the Honorable Joint Board of Selectmen
and Board of Public Works, Arlington, Mass.

Gentlemen:

I respectfully submit my report as Town Engineer for the year ending December 30, 1933.

As has been customary, this department is required to render services to all Town departments when required. We have, during the year, performed such services when called upon, and we have been exceptionally busy.

I will not attempt to enumerate the many and detailed accomplishments during the past year, but will review only in a general way what has been done by this branch.

All necessary estimates on construction work have been made. Numerous lines and grades have been given for street, sidewalk, sewer, and drain construction.

Record plans were made of all new streets laid out, and all sewer, water, and drains laid; also all assessments were furnished for sidewalk, curb, sewer, and street assessments.

From November 15 to December 30 it was necessary to devote the time of 50% of the employees of this department to Civil Works Administration projects which

included draughting plans showing proposed construction, lines and grades for sewer mains, etc., and general inspection and supervision of this work.

I feel deeply grateful to my assistants and all others who have given their help and hearty co-operation throughout the year, and it has been a pleasure working under such ideal conditions.

Annexed to this report is a table of general statistics pertaining to the Town, and a list of the public and private streets.

Respectfully submitted,

JAMES M. KEANE,
Town Engineer.

REPORT OF THE TOWN COUNSEL

December 31, 1933.

Honorable Joint Board of Selectmen
and Board of Public Works

Gentlemen:

On March 28, 1933, the present Town Counsel was appointed to succeed Paul M. White, Esq. At that time many actions and claims against the town were pending in Court or were in process of settlement, in connection with which Mr. White had done considerable preparatory work. There were also several cases which had been previously referred by Mr. White to Damon Hall, Esq., and several to John Morrison, Esq., some of which were about ready for trial and some in varying stages of settlement. In view of this it was deemed expedient by the Board of Selectmen to allow such cases to be carried to completion by the attorneys originally engaged and this was done with my approval. All matters which have arisen during 1933 since March 28th have been attended to by the present Town Counsel.

A petition for assessment of damages filed in the Superior Court of Middlesex County by the Lowell Building Wrecking Co., Inc., in connection with the taking of 52075 sq. ft. of land near the corner of Mystic and Summer Streets which was assessed for $7500 and for which the town meeting appropriated $7500 was finally settled out of Court for $7800 the town taking a confirmatory deed to the land.

Pursuant to Warrant Article 6 of the Town Meeting held March 22, 1933, a bill was filed in the legislature by the Town Counsel on behalf of the town for authority to sell a strip of land containing 855 sq. feet of the Ethel Wellington Playground which bill became Chapter 218 of the Acts of 1933. Thereafter the strip was conveyed to Gerardo Riccardi and another parcel in the rear of the Riccardi land containing 1710 sq. feet was acquired by the town by deed from Gerardo Riccardi as authorized by Warrant Article 5.

A parcel of land containing 3900 square feet situated in the center of Lockeland Avenue, but which had never been assessed by the town to anyone as owner, was conveyed to the town by deed of the Lockeland Real Estate Trust and dedicated for Park purposes as authorized at the special town meeting held June 7, 1933.

The appeal of Francis Henderson from the Assessors' valuation of $14,000 on 20½ acres of land on Hutchinson Road was tried before the State Board of Tax Appeals and the town's valuation was sustained.

The appeal of Americo Chaves was withdrawn by the appelant before trial.

The appeal of Max Benshimol from an assessment of $9600 upon a two family house on Randolph Street was tried and the Board of Tax Appeals reduced the valuation to $8500.

The appeal of Marion Garcelon from an assessment of $10,400 on a single family residence on Falmouth Road was tried and the town's valuation sustained.

The appeal of Sarah F. Niles from an assessment of $78,800 on 867,245 square feet of land and buildings

thereon on Mystic Street bordering Mystic Lake was tried and the value was set at $75,000 by the Board of Tax Appeals.

There are several other tax appeals pending which may be reached for trial in the early part of 1934.

Several cases resulting from alleged defective sidewalks have been settled out of Court with the approval of the Board of Selectmen, including the cases of Evelyn M. Russell, Mary F. Nolan, John W. Gates, Ellen Brown and Mary F. Moore.

Many bills due the town for damage by automobiles to police and fire signals and various other claims have been collected including a balance of $2794.50 overdue on the garbage contract dated June 27, 1927, which amount was collected in full from the bonding company.

Actions were brought in the Superior Court of Middlesex County against the cities of Boston, Cambridge, Somerville and Revere for money paid by the Welfare Department on cases for which the town should be reimbursed by those cities. The Town Counsel has been kept in close touch with the Welfare Department by Welfare Agent Clifford Cook. Due to the constant and efficient supervision by Mr. Cook of each individual case it was necessary to institute only one court prosecution for fraud during the year and in that case the defendant was found guilty and placed on probation with the stipulation that restitution be made to the town.

The Town Counsel has been present at all regular meetings of the Board of Selectmen and the Joint Board, has rendered opinions to the School Committee, Board of Health and other boards, has attended hearings at the State House before various State Boards and Commis-

sions and has attended to divers other matters affecting the town.

The Town Counsel wishes to express his thanks to each and every department of the town for the splendid co-operation extended by each of them throughout the year. The prompt and intelligent reports of investigations of damage claims against the town rendered by Police Officer James J. Flynn have been most helpful and the excellent photographs and detailed plans submitted by Town Engineer James M. Keane have been of great practical value in many cases which have been or will be tried in the courts.

To Representative Nelson B. Crosby who has faithfully kept the Town Counsel informed of all matters pending before the legislature and at the State House affecting the interests of the town I wish to express my sincere appreciation as well as to each and every member of the Board of Selectmen and the Board of Public Works for their courtesy and co-operation.

Respectfully submitted,

JOHN L. MURPHY,

Town Counsel.

REPORT OF TOWN PHYSICIAN

January 15, 1934

To the Honorable Board of Selectmen:

Gentlemen:

I present you herewith the report of the activities of the Town Physician for the year ending December 31, 1933.

As my term of office began April 1, 1933, I shall present the figures covering that period, as follows:

Number of Office Calls	686
Number of House Calls	454
Number of Police Calls	40
Total	1180

This gives an average of over 130 calls per month, or on a yearly basis a total of 1572 calls, as compared with 652 calls for the previous year.

Briefly, the work was divided as follows:

Welfare Department:

This part of the work was devoted to the care of the sick poor of the town, and constituted by far the largest part of the work.

Also under the Welfare Department comes the care of the welfare workers employed on municipal projects

who are injured in the course of their employment. In industry, the men injured in the course of their employment in most cases, come under the authority of the Industrial Accident Board, while injuries to the welfare workers are cared for by the Town Physician.

Hospitalization: Over three quarters of the welfare cases which require hospital care are sent to the Symmes Hospital. At the request of the Welfare Agent, I have made an inspection of these hospitalized cases every three or four days to determine whether or not they could be released from the hospital a few days earlier than they otherwise would be. By this the constant supervision our cost per case for hospitalization has been materially reduced.

The number of cases requiring medical care under Soldiers Relief, Mothers' Aid, and Old Age Assistance remained about the same.

Police Department:

The work for the Police Department consists chiefly in the treatment of prisoners and in the commitment of mental cases. During the past year there has been a slight increase in both types of cases.

Social:

From time to time cases arise which require medical care but which cannot be classified either under the heading of police or welfare work, such as the abandonment of children. These cases eventually come to the attention of the Town Physician for disposition. There have been several cases of this type during the past year.

Legal:

Persons claiming to have obtained personal injuries through defects in side walks or streets frequently make

claims against the town. At the request of the Town Counsel the Town Physician makes an examination of these cases and sends a written report of his findings to the Town Counsel.

I feel that the town of Arlington, and particulary the Welfare Department has performed in the year 1933 a most commendable and thorough piece of work, and has done it in a business-like, dignified and kindly manner.

I wish to express my appreciation especially to the Welfare Department, Police Department, and Board of Health for their kind cooperation on many occasions.

Respectfully submitted

EDWARD W. FEELEY, M.D.,

Town Physician.

REPORT OF BOARD OF HEALTH

In compliance with the Town By-Laws the Board of Health herewith submits the Annual Report of the Department for the year ending December 31, 1933.

Board meetings are held at the office in the Town Hall the first Monday evening of each month at 7:30 o'clock. Special meetings are called when occasion requires. At the Annual Town meeting, held March 6, 1933, Dr. Charles F. Atwood was re-elected a member of the Board for the term of three years. Dr. Atwood having qualified before the Town Clerk, the Board held a special meeting on date of March 9, and organized by re-electing Alfred W. Lombard as its Chairman for the ensuing year. The personnel of the Board is the same as last year, and is as follows:

ALFRED W. LOMBARD, Chairman
CHARLES F. ATWOOD, M. D.
ERNEST R. BROOKS, D. M. D.

WILLIAM H. BRADLEY, Agent, Clerk and Milk Inspector
EZEKIEL PRATT, M. D., Bacteriologist and Physician to Board
E. F. MACKAY, D. M. D., Dental Operator
HELEN M. HEFFERNAN, R. N., Nurse and Asst. to Dental Operator
ARTHUR TAYLOR, Inspector of Slaughtering
WILLIAM H. BRADLEY, Inspector of Slaughtering

Under the heading of "Communicable Diseases" embodied in this report will be found a comparative list of the various diseases for the years nineteen hundred thirty-two and nineteen hundred thirty-three. These, as are to be expected, will vary in number from year to year. For the control of the minor diseases we have nothing new to offer other than to repeat what we have stated in previous years. "Guard your children, particularly while very young, from coming in contact with a child showing the least sign of any sickness, even a slight cold."

The Middlesex County Tuberculosis Sanatorium, which opened in 1931, with accommodations to care for two hundred twenty-five patients, is probably not excelled in management, personnel, equipment and surroundings by any similar institution of its size in the United States. With slightly less than two years of existence, however, it is plainly apparent that it is not large enough to accommodate the many over and above the allotted number desiring admittance. The fact that from three to four months must elapse after application has been filed before applicant can be admitted is proof sufficient for this statement. Both from a humane and public health viewpoint these conditions should be remedied by providing additional accommodations and with the least possible delay. At the present time, December 31, 1933, sixteen persons having a legal settlement in Arlington are being cared for at this institution, with three others on the waiting list. In addition to this we have Tuberculosis patients placed in other institutions as follows:

One at the Rutland State Sanatorium; one at the Waltham Hospital; three (children) at North Reading State Sanatorium; two (one child and one adult) at the Lakeville State Sanatorium.

There is not the slightest doubt that artificial immunization enters largely into the decrease in the number of cases of Diphtheria in Arlington in recent years. During the past year we held two Clinics and administered the Toxin Antitoxin treatment to five hundred and eight children. That this measure has rapidly gained in favor is clearly demonstrated by the large number of babes in arms brought to our Clinics to receive the treatment. It is hoped the day is not far distant when all Arlington children upon reaching the age of one year will be immunized against this disease. Parents can greatly assist towards this end by having the family physician administer the treatment.

Recently the State Department of Public Health have advised local Boards of Health of the value of blood of persons convalescent from Scarlet Fever for use in the prevention and treatment of the disease in others. The Board, after being assured that no harmful results would follow either to the donor of the blood or those to whom it may be administered, decided to put this measure into effect in Arlington, and on December 22nd, 1933, upon the payment of five dollars to each, procured the consent of eight suitable subjects, residents of Arlington, who contributed a sufficient amount of blood to make the undertaking worthwhile. The procedure of collecting and processing this blood is interesting yet involves a considerable amount of time and labor. The donors must be twelve years of age or over and have recovered from an attack of the disease within a period of one year. The blood is collected by a physician from the State Department of Public Health, taken to the State Laboratory where it is tested for purity, processed and returned to the local Board of Health. We hope to have this serum ready for limited distribution to the physicians as a prophylactic early in January, 1934.

Owing to the prevailing conditions the Board made no request for appropriations for mosquito-control work or for the care of Spy Pond and the Reservoir. We had, however, from our Mosquito-Control appropriation of 1932 an unexpended balance of $281.17. Working under this, we deepened the outlet trench from the Symmes Swamp, laid one twelve-foot length of six-inch iron pipe, built a dirt dam over same, with stone buttresses laid in cement at either end, at a cost of $185.25; the balance of $95.92 was used in the Dixon Swamp area. All other mosquito-control work during the year was done by the local Unemployment Department, under the direction of the Board of Selectmen.

Included in Article 23 of the Report of the Finance Committee was an appropriation of $450.00 for the care of Spy Pond and the Reservoir at Arlington Heights, to be expended under the direction of the Board of Selectmen. Acting under authority given by the Selectmen, the Board of Health, with men from the local Unemployment Department, directed the work which consisted of clearing the rubbish from shores of Spy Pond and treating both bodies of water with Copper Sulphate. During the process of removing the rubbish from Spy Pond an unfortunate accident occurred when on date of May 29th the boat which the men were using capsized, and one of their number, a Mr. William Dutton, lost his life by drowning.

The Board is still of the opinion that one of the outstanding necessities of which the Town stands greatly in need is the installing of an incinerator for the burning of rubbish collected by Town teams.

The usual licenses and permits required by Statute law and our regulations have been issued.

The financial report of the Department, giving a detailed account of expenditures and receipts for the year, together with morbidity and mortality reports and reports of appointees, is appended.

In closing, we wish to extend our thanks to the Arlington Visiting Nursing Association, to the Nursing Staff of the Arlington public schools, and the Nursing Staff of the Ring Sanatorium for assistance rendered during the year.

ALFRED W. LOMBARD.
CHARLES F. ATWOOD, M.D.,
ERNEST R. BROOKS, D.M.D.,
Board of Health.

REPORT OF DENTAL OPERATOR

To the Board of Health

Gentlemen:

I herewith submit my report of the work performed in the Dental Clinic for the year ending December 31, 1933.

In September the customary examination of first-grade children was made. Six hundred and forty children were examined. Of this number four hundred and twenty-four, or sixty per cent, were found to have defective teeth.

The past year has seen an increasing number of emergency cases, the direct result of economic conditions,

with a resulting increase in extractions. This is in contradiction to previous years as this class of work has shown a falling curve for the past six years.

Our original chair, which was the adult type, has been replaced by a child's chair. A much-needed improvement in the Dental equipment.

The pre-school attendance showed a gratifying increase over previous years.

We have enjoyed the customary co-operation of the school authorities in furthering the work of the Clinic.

Following is a detailed report of the year's work:

		Pre-School	All Children
Extractions	Deciduous	58	399
	Permanent		37
Fillings	Deciduous	773	2,378
	Permanent	6	585
Treatments	Deciduous	242	674
	Permanent		35
	Prophylactic	118	394
Total number of Operations		1,197	4,502
Total number of Sittings		384	1,373
Total number of New Patients		136	332
Total number of Cases Dismissed		175	591

Total number of Working Hours, 515.....or 172 mornings

Respectfully submitted,

EDGAR F. MACKAY, D. M. D.

REPORT OF DENTAL ASSISTANT

To the Board of Health.

Gentlemen:

I have assisted the Dental Operator at the daily sessions of the Clinic and the examinations of six hundred forty first-grade pupils of the Public and Parochial schools in September.

Continuous work among the parents is showing results in the ever-increasing number of pre-school children who attend the Clinic and return regularly for re-examination.

Respectfully submitted,

HELEN M. HEFFERNAN, R. N.

REPORT OF BOARD OF HEALTH NURSE

To the Board of Health.

Gentlemen:

I herewith submit my report as Board of Health Nurse for the year ending December 31, 1933.

Number of visits made to homes of persons suffering from a communicable disease, and visits related thereto, 1,795.

Referred seventeen patients to Dr. Pratt for examination.

Conveyed thirty-eight patients to Middlesex County Sanatorium for examination and X-ray; two visits are required per patient.

Conveyed six patients to Middlesex County Sanatorium for admission.

Conveyed one patient to Boston Sanatorium, Mattapan, for admission.

Conveyed two patients to North Reading State Sanatorium for examination and X-ray.

Conveyed three patients to North Reading State Sanatorium for admission.

Conveyed one patient to her home in Arlington from North Reading State Sanatorium on discharge.

Conveyed two children to their home in Arlington from the Southern Middlesex Health Camp in Sharon.

Assisted at the Immunizing clinics held at the Board of Health office during the year.

Assisted Dr. Buckley in the examination of pupils at Saint Agnes School and weighed and measured same.

Visited Saint Agnes School regularly during school hours.

Assisted at the Chadwick Follow-Up Clinic held in December.

In accordance with Chapter 119 of the General Laws, I made twenty-six investigations of the conditions in homes of persons holding or applying for license to maintain Boarding Homes for Infants.

Assisted Dr. Poutas at the Blood Clinic held at the Board of Health office to obtain blood for Scarlet Fever immunization.

Attended meetings of public health interest and also an Institute conducted at Middlesex County Sanatorium by Mrs. Violet Hodgson of the National Organization of Public Health.

I have tried to co-operate in every way with my co-workers, and to genuinely help the people of this community.

Respectfully submitted,

HELEN M. HEFFERNAN, R. N.

REPORT OF MILK INSPECTOR

To the Board of Health.
Arlington, Mass.

Gentlemen:

I herewith submit my report as Inspector of Milk for the year ending December 31, 1933.

Analysis reports of samples of milk taken from vehicles on street, stores and lunch rooms at various times during the year show the milk to be of good quality and well above the legal standard in fats and solids.

REPORT OF THE ARLINGTON EMERGENCY UNEMPLOYMENT COMMITTEE

Honorable Board of Selectmen
Arlington, Mass.

Gentlemen:

I herewith submit my report of the Arlington Emergency Unemployment Committee for the year ending December 31, 1933.

The Emergency Unemployment Committee was formed in 1930 by the Board of Selectmen due to conditions existing under the so-called "depression" which, of course, caused great hardships among the citizens of Arlington. They felt it their duty to do everything in their power to relieve this suffering as much as possible and up to this date this department has rendered unselfish service to this cause. The citizens of Arlington, in co-operation with the town, have greatly diminished the cases in many instances. When we speak of the citizens we mean that they have called upon this department whenever an opening occurred in their business or they have found work around their homes. In many cases it has been to their advantage to get this work done at this time, getting same done more cheaply inasmuch as low wages were being paid and skilled mechanics were available. Therefore, the duties of this department through the year have entailed the assignment of unemployed men to various Town Projects for which appropriations had been made, securing private jobs both temporary and permanent, assignment of welfare recipients to projects

for which no appropriations were made and in many cases the supervision of the work, on these projects.

Welfare recipients and men working for aid rendered by the Department of Public Welfare, were assigned to projects through this office.

Following is a summary of work accomplished by these men on various projects:

Dept.	Projects	Labor (Man Days

Ten Thousand Dollars ($10,000) was appropriated to be expended for unemployment persons under the direction of the Board of Selectmen.

One Hundred Eight-Four (184) men were assigned to these projects which were operated under the direct supervision of this Department.

Through the co-operation of citizens, work was provided for Two Hundred Ninety-Six (296) persons. Total earnings in the amount of One Thousand Eight Hundred Eighty Dollars and Ninety-Nine Cents ($1,880.99).

On November 24th, the Board of Selectmen were notified to the effect that the Federal Government had set aside $400,000,000 for direct immediate relief for 4,000,000 unemployed men in the United States, and that the Town of Arlington would be given an outright grant of approximately $85,000. This means that the Federal Government has, without cost to the Arlington tax payers, allotted to the Town of Arlington, funds sufficient to start local projects, many of them vital to the Town, and no doubt due to the economical conditions, would not be started for several years. With the whole-hearted support of the Board of Selectmen who worked day and night together with the Town Engineer and other departments, had projects prepared and submitted to the Massachu-

setts State Civil Works Administration Board, and which were accepted by them, enabling this department to put 325 unemployed men to work in approximately 72 hours after the Town was notified that this money was available for unemployed relief.

Following is a summary of the projects which are now being worked and being paid for out of the Federal funds:

Lake Shore Drive—Sewer Construction.
Summer Street—Widening from Mystic Street to the big ledge.
Dickson's Swamp—Swamp Drainage and Mosquito Control.
Harold Street—Sewer Construction.
Forest Park—Clearing Brush and Pruning Trees.
Symmes Hospital—Clearing Brush and Pruning Trees.
Ethel Wellington Playground—Grading.
Appleton Street—Widening from artery to new Concord Highway.
Arlmont Street—Sewerage and Water Drainage.
Robbins House—Painting Exterior.
Police Station—Painting Interior.
Painting Interior of Three Fire Stations.
Crosby School—Painting Interior.
Junior High School East—Painting Interior.
Senior High School—Painting Interior.

This work is still being carried on with prospects of further town work being accepted and executed. This department is not only assigning these men to the projects but the Executive Secretary was appointed by the Board of Selectmen to act in the capacity of Assistant Administrator of this work. The money paid to date on these projects for wages for men is $23,915.15 and for women—$568.50.

We might also add that by this work the town has saved considerable money due to the fact that practically all the able bodied Welfare recipients were turned over to this department and put to work.

This Committee wishes to express its sincere appreciation to Town Departments, Town Officials and Individuals for their co-operation through the year.

Respectfully submitted,

NEIL S. PETERS,
Executive Secretary.

1933 REPORT OF THE BOARD OF PARK COMMISSIONERS

At the foot of Linwood Street on the shores of Spy Pond the Park Department cleaned up and graded the

area where the ice house stood, provided parking space for a large number of cars, built two shelters for changing clothing, two toilets, a raft that will accommodate one hundred persons. All of the carpentry work was done by veterans. A wading pool for small children was provided also benches were placed under the willow trees. The Finance Committee transferred from the Reserve Fund, four hundred and fifty dollars to be used for a life-guard and a motor boat. Thousands of people took advantage of the facilities offered them, and there was but one serious accident. A young lady from Cambridge went down in twenty feet of water and her body was recovered in a very short time by the use of a diving helmet provided and used by Mr. Donald N. Blanchard of Wyman Terrace, Arlington. Two physicians were in attendance and everything was done to resuscitate her but without success, both physicians pronounced it heart failure.

At Meadowbrook Park a large area has been loamed and in the spring will be rolled and seeded, giving the children in that section a good place to play.

At Arlington Heights a water main was laid from Lowell Street to the Ball Diamond and a drinking fountain installed. The diamond was loamed, graded, and a backstop built. This field was in use constantly. We want to take this opportunity to express our appreciation for the co-operation of the young men in maintaining order. We had no complaints of any kind which is remarkable.

On Forest Street at Adams Square, a parcel of land was transferred from the School Department to the Park Department and under the C. W. A. this has been cleared, all the underbrush has been cut out, trees trimmed and the dead limbs cut out.

At Turkey Hill thousands of pine trees were planted and the underbrush cleaned out. Practically all of the trees planted there last year are alive.

At Menotomy Rocks Park quite an extensive amount of pruning and trimming of the trees was done, in addition to cutting out the underbrush. The path beyond the pond toward Spring Street was rebuilt and widened. A drinking fountain was installed at the entrance on Jason Street.

The small area on Lockeland Avenue deeded to the town by the Lockeland trustees was filled, graded and shrubbery planted there. The abutters have all expressed themselves as being delighted with the improvement.

The Crosby School Playground was used extensively during the summer months. The fence on Oxford Street was raised six feet to prevent the balls going into the neighboring property. The fence between Mrs. Maher's property and the Park was repaired and Mrs. Maher was greatly pleased.

The walks across Russell Park were patched and put in good repair. The trees have been kept watered and are all alive and in good condition.

The Fowles Mill property has had very little work done on it this year other than keeping the grass cut and the paths clear.

At the Ethel Wellington Playground a considerable amount of work has been done under the supervision of Miss Esther Wyman. Miss Wyman's services and the shrubbery were paid for by the Memorial Committee. Under C. W. A. supervision and financing, the brook has been straightened and several thousand yards of material moved, and the area brought to subgrade.

The Garden Club cleaned up two unsightly spots in the center of the town and made very attractive places of them both, and the Park Department has kept the grass cut and watered.

The plot of land at the Central Fire Station was loamed, fertilized, rolled and seeded. After that it was taken care of by the men at the Fire Station and it certainly reflects the good care they gave it.

All other small areas were cared for in the usual way.

There were two resignations during the year, Mr. Powers' came early in the year and was filled by Donald Black. Mr. Wilson's resignation came in December and no one was appointed to fill his place.

The Park Department wishes to take this opportunity to thank the Board of Public Works and the Welfare Department in co-operating with the Park Department whenever called upon to do so.

Respectfully submitted,

FRANK W. WUNDERLICH, Chairman,
DONALD W. BLACK.

REPORT OF THE PLANNING BOARD

January 27th, 1934.

To the Honorable Board of Selectmen.

Gentlemen:

The report of the Planning Board for the year of 1933 is respectfully submitted as follows:

On account of a continued reduced budget it has not been possible to undertake any studies which would involve any appreciable expense for engineering work.

ZONING

An unusual number of zoning changes were considered during the year as follows:

From Industrial to Business—2.
From Industrial to General Residence—4.
From Unrestricted to General Residence—2.
From General Residence to Business—3.
From Single Residence to Business—1.

Change in the By-Laws to further protect the Town against the storage of second hand building material and offensive manufacturing—1.

Change in the By-Laws to increase the penalty for violation—1.

Public hearings were held and field inspections were made in each case. The Board felt justified in following its policy of maintaining the present or raising the zoning

classification to a higher grade wherever possible. The recommendation of the Board was accordingly made to the Town Meeting on this basis and it was gratifying to have this recommendation approved in all but one case.

This case involved the proposed reclassification from "unrestricted" to "general residence" of land adjacent to the new Cambridge-Concord highway between the Alewife Brook Parkway and Lake Street. It was the feeling of the Board that the importance of this highway and the considerable amount of undeveloped land adjacent to it offered an unusual opportunity for a residential development and justified our attempt to plan for the future of this section. The progress of this highway which was originally conceived and advocated by this Board will continue to be studied with a view to securing the best possible development of the contiguous land.

MISCELLANEOUS PROJECTS

With reference to the specific projects mentioned in the preceding report, namely—Mill Brook and Spy Pond, while there has not been any substantial change in the status of either case due in part to the reduction in appropriations, nevertheless, the Board still considers these as active cases and will continue to keep in touch with any developments affecting their use.

The Board desires to call attention at this time to the extensive use made during the past season of the shore of Spy Pond for bathing purposes. This use justifies our previous recommendation regarding the acquisition of this land by the Town and while another recommendation which would have provided suitable locker and housing facilities was not approved by a Town Meeting it is hoped that the financial situation will be such in the near future that further recreational development may be

possible on this section of Spy Pond. The Board proposes to continue its studies with respect to the eventual acquisition of as much land as possible bordering on this pond for public use.

As regards a playground at East Arlington the Board is unable to find that any report has been rendered by the Committee appointed for that purpose or that any definite plans have been developed. The Board is of the opinion that this project has merit and should be given proper study.

The question of traffic congestion at Arlington Center is still of paramount importance but as its solution appears to be closely connected with other problems which involve not only local considerations but also those of the Metropolitan District, as well as possibly the State, it has not been possible during the present year to complete any satisfactory comprehensive plan meeting all conditions.

The Board is pleased to note that it has been possible during the year for certain of the Town Departments to make use of some unemployed labor on a number of the projects suggested by it.

C. W. A. PROJECTS

During the latter part of the year the Board was advised that financial assistance might be secured from the Federal Civil Works Administration for the preparation of plans and studies in connection with municipal planning work. Eleven projects amounting to about $8,000 and planned to utilize suitable unemployed professional men were prepared at once and submitted to the local Administration. These projects were:

Cambridge-Concord State Highway. A study with a view to developing the lands adjacent to the new Highway for residential purposes in accordance with the best zoning practice.

Arlington Center Plan. A study of Arlington Center grade crossing elimination and rapid transit terminal.

Mill Brook Development. Study of the development of lands on Mill Brook for Park purposes.

Spy Pond Park Highway. An engineering study of a through Highway from the River Street Bridge across Mystic River through the property of the Boston Elevated Railway, then around the East side of Spy Pond connecting with the new Cambridge-Concord Highway at Lake Street.

Spy Pond Park. An engineering study of land takings on the west side of Spy Pond southerly from the Boat Club for Park purposes.

Mystic Street and Summer Street. Traffic study and lay out of these important highways.

East Arlington Playground. -Study of best location for Playground in East Arlington.

Great Meadows Drainage. An engineering study of the drainage of Great Meadows for immediate mosquito prevention and ultimate development. A large part of this land is now owned by the Town of Arlington.

Bathing Beach or Pool at Arlington Heights Reservoir. An engineering study to determine the most feasible plan.

Town Plan Report. A review by an experienced engineer of the Town Plan prepared in 1926 by C. W. Elliot.

Engineering Supervision. In order to properly supervise the preceding projects competent engineering supervision representing the Planning Board should be employed.

At the conclusion of this year none of these projects had, however, been approved. It is sincerely hoped that assistance can be secured at some time for work along these lines, as the Board does not feel justified in recommending any project until some effective preliminary study has been made together with an estimate of cost. This information cannot be secured unless reasonable funds are either appropriated or allocated for this purpose.

The Board has continued its policy with respect to regular meetings supplemented by special meetings, hearings and field inspections when thought to be necessary. The Board has also continued its membership in the Massachusetts Federation of Planning Boards and is in frequent receipt of requests for information regarding planning work in Arlington and the operation of some of its by-laws. The membership and organization of the Board has remained the same during the past year.

REPORT OF THE TRUSTEES FOR THE YEAR 1933

The Trustees of Robbins Library present their report for the year 1933.

An increase in the users of the library to 11,468 and in circulation to 328,924 is ample evidence of the important part this institution has played in the life of our community during the year. Undoubtedly, as in many other municipalities, this large gain is due to the prevailing lack of employment and the desire of people to use their time to advantage. The Trustees wish to state that all this work has been carried on at a reduced cost from 1932 of $2,187, a result only made possible by the splendid co-operation of all the library staff.

In March, the Town accepted the generous gift of the late Dexter Rawson Fay of the sum of $2,000. This gift was in memory of Mr. Fay's father and mother, Walcott Fay and Sarah Rawson Fay, the latter a member of an old and respected Arlington family.

In March of this year, Miss Nettie E. Baston, who previous to her retirment in 1923 had faithfully and efficiently filled the position of a librarian, died. During a period of twenty-five years, she was ever eager and willing to give of her best in meeting the needs of the youth of our community.

The Trustees desire to call to the attention of the citizens what the Librarian says in her report as to the need of added facilities at the Heights and the East Sec-

tion of the town. When financial conditions permit, it is most desirable that these matters receive attention, as well as an increased appropriation to meet the need of salaries and books in the Main Library.

For the Trustees,

WILLIAM A. MULLER,

Chairman.

January 17th, 1934.

REPORT OF THE LIBRARIAN FOR THE YEAR 1933

To the Board of Trustees:

I respectfully submit my report for the year ending December 31, 1933.

The library has been much affected the past year by current economic conditions—in purchases, in increased demands by readers.

Increased use of library facilities has come to be accepted as normal.

The Robbins Library along with other libraries can report greater use. Again the library has reached more homes.

Our files show that the Robbins Library has 11,468 active borrowers. Of these, 2,091 registered during the year 1933. We have had a home circulation of 328,924 books. This number being a gain of 20,491 over the figures of 1932. The circulation per capita of 8 and the circulation per borrower of 28.6

The tables show the steady growth of the library since 1924.

Year	Total	Gain
1924	89,585	27,557
1925	102,156	12,571
1926	119,774	17,618
1927	140,521	20,747
1928	169,619	29,098
1929	193,665	24,046
1930	210,692	17,027
1931	256,610	45,918
1932	308,433	51,823
1933	328,924	20,491

Comparative Circulation by Stations—1932-1933

	1932	1933	Loss	Gain
Center—Adult	185,764	201,227		15,463
Center—Juvenile	59,309	59,620		311
East Branch	28,396	29,046		650
Heights Branch	27,030	26,615	415	
Schools	7,934	12,416		4,482
Total	308,433	328,924	415	20,906
			Total Gain	20,491

A study of the figures at once show where our greatest use, also our greatest need.

With a total circulation of 328,924, our branches circulated only 55,661 books. Our main library is carrying too much of the load.

The matter of adequate branches should be taken up as soon as the times permit. The extreme end of the town should have suitable library facilities along with adequate schools.

Our Branch Librarians are doing fine work under a great handicap. Both branches need a different type of quarters. A town the size of Arlington should have two branch libraries, one at the Heights, the other at the East buildings designed for their purpose, ample money for books, and six day service.

The other departments of the town have taken care of the people at either end of the town. Why not bend every effort to accomplish this for the library department, the "Adult School", the six day a week, year round institution?

During the summer months a Reading Club of twenty-five children met weekly at the Heights Branch. A splendid spirit prevailed and much good reading was done under the direction of Miss Jeannette Favreau.

The East Branch shows the largest circulation it has ever had, (29,046). The increased work has been carried on efficiently and with ease by Miss Eva Smith.

BOOKS, PAMPHLETS AND PICTURES

During the past year 3,484 books were added to the library by purchase, gift and binding, while, 2,273 were withdrawn, the net gain being 1,211. The volumes in the library now number 51,510.

Not since the year 1928 has the library added so few books. Of the books added 1,995 were new titles and 1,489 duplicates and replacements of books worn out and discarded.

The recataloging of the reference collection was completed during this year and work started on the foreign books.

The pamphlet collection now numbers 2,020 and the picture file contains 1,735 pictures.

REFERENCE DEPARTMENT

Added use of the library means added use of the Reference Department, a service which can not be measured by figures. What suitable measure is there for the endless questions answered, the time spent in making lists of books on special topics, preparing exhibits, care of pamphlet material, picture collections, getting books through inter-library loan, checking magazine material, in fact knowing where and producing at the proper time the material desired by teacher, student, preacher and layman?

CHILDREN'S WORK

The circulation of books for children showed a satisfactory gain, although the increase was not in proportion to the increased use of our adult department.

	1932	1933	Loss	Gain
JUNIOR LIBRARY	59,309	59,620		311
SCHOOLS	7,934	12,416		4,482
EAST	15,162	15,023	139	
HEIGHTS	12,846	11,768	1,078	
Total	95,251	98,827	1,217	4,793
			Total gain.....	3,576

The story hours were attended by 967 children.

During the summer months the Everyland Club held ten meetings with an average attendance of 67. Never was there a more enthusiastic group which made the tour of the "Enchanted Island" (Of the Chicago Exposition). There was much reading, a regular fair, music, games, and story telling.

Very satisfactory contacts were made with older boys through the Stamp Club, which held ten meetings.

In March, the High School Stamp Club, Parmenter School Stamp Club and the Robbins Library Club combined and held a creditable Stamp Exhibit in the small reading room. Several interested Arlington stamp collectors added tone to the exhibit by their unusual collections.

The school work has taken an increasing amount of the time of the Children's Librarian. Seventy-two class room libraries have been furnished to elementary schools. More than ever an effort has been made to co-operate with the public school department in every way.

THE LIBRARY AS A COMMUNITY CENTRE

More and varied groups have used the library for their meetings or have come by special invitation to take part in library activities.

The Art Committee of the Woman's Club has been responsible for three exhibits in our gallery. They exhibited oil paintings by Charles Morton, an Arlington resident, and Donald Knowles of Brookline. In December Arthur W. McMurtry of Cambridge showed water colors. There have also been exhibits of Ship Models by Albert Hanson, a Stamp Club exhibit, Girl Scout handicraft work, consisting of hammered silver, embroidery, and soap carving; Junior High School Industrial Art Class, Mrs. Mary A. Curtin, director.

The work of art classes from Belmont, Lexington, Somerville, Stoneham and Arlington which was arranged by Mrs. Marion I. Ford, Supervisor of Drawing, was largely attended.

The Art Committee, Civic and Education Committee, American Home Committee, International Relation Committee, Dramatic Committee of the Woman's Club have used the hall for various lectures and courses. There have been courses in Book Reviewing and Reading, Child Psychology, and International Relations.

The Garden Club, Fortnightly Club, Junior Woman's Club, Junior Garden Club and a group of Girl Scouts have held their regular meetings in the hall. The library has held story hours, Stamp Club meetings, entertained Charles River Club during Good Book Week, and the Study group of the Parent Teachers Association of the Brackett School. On Nov. 28, a Sunday Group reading and tea was held in the Junior Library Hall. Rev. John Nichols Mark read from Wilson McDonald's poems.

GIFTS

That people have been mindful of the library needs is shown by the gifts which it has received during the year. These gifts, although not large in amount bespeak a feeling of good will, interest and a knowledge of the real

purposes of the library. To these many friends we express thanks.

Mrs. Arthur Wellington presented a pair of wrought iron andirons. The Garden Club a Christmas wreath, Christmas tree and many beautiful and unique floral decorations, also five dollars for the purchase of garden books.

The Woman's Club presented a pair of andirons for use in the Junior Library Hall, and a pair of ornamental iron plant containers which are fastened to the light poles at either side of the library entrance. In the summer they are filled with growing plants and evergreens in the winter.

STAFF

The personnel of the staff has remained the same throughout the year.

Miss Pauline Bennett who had been employed as a part-time worker was made a member of the staff in January, and Miss Phebe A. Alden, in September.

Various members of the staff have spoken before literary and library gatherings, Miss Esther Gannett, Classifier, and Miss Thelma Brictson, Children's Librarian.

The Librarian has spoken at the Parent Teacher's Association, High School Literary Club, Charles River Library Club, Massachusetts Library Club and Old Colony Club.

Several members of the staff have taken courses which would be helpful to them in their work.

The Librarian takes the opportunity of expressing her deep appreciation of the conscientious and effective service the staff has continued to give throughout a year of increasing demands, and her thanks for the continued cooperation of the Trustees.

Respectfully submitted,

LUCINDA FIELD SPOFFORD,

Librarian.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Arlington:

The School Committee again calls to your attention the steadily increasing membership, particularly in the High School. The Superintendent's report shows an average membership this year of 6,762 pupils compared to 6,499 pupils last year and to 5,756 pupils five years ago.

The problems of school administration become increasingly difficult with a steadily increasing membership, a decreasing appropriation for school purposes and a reduced teaching force.

Your Committee has been well aware of the need for economical administration, has accepted the situation and has expended even less in 1933 than the amount available, $683,351.01, out of an available appropriation of $696,-302.96.

The requests for school purposes are based upon careful study of school needs, careful estimates of necessary expenditures and careful evaluation of the service given in view of the varying educational needs of the children of Arlington.

Your attention is directed to the fact that the actual cost of the schools to the tax payers in 1933 was much less than the $683,351.01 expended for school purposes. The school employees contributed a total of $53,945.96. Receipts from the Commonwealth and from other sources

amounted to $62,757.34, leaving a net balance chargeable to local taxation of $566,647.71. Reference to the Superintendent's report and statistical tables will furnish further details.

The question of the town policy regarding education is closely tied up with finances. Your School Committee has been and is convinced that the citizens of Arlington desire a superior school system, not just an average one. It is a fair question to ask the tax payers if our assumption is in accord with their desires. Should pupils be cared for according to their different needs and to what extent? Many lose sight of the fundamental principle of education, that the varying conditions of health, physical and mental characteristics, aptitudes, and economic limitations of the pupils in schools of today require courses of study and methods of instruction designed to meet these varying conditions if our schools are to render adequate service to all our youth. A one-horse shay type of education cannot meet the needs of children in an eight-cylinder era.

Continued reduction of appropriations for schools in the face of a growing demand for more education, a larger school membership, and an increase in costs of supplies will, of course, result in a less efficient and less effective school program. A pertinent question for our citizens to consider is, "Where does real economy end and unwise parsimony begin?"

Your Committee must call attention again to the probable need for more buildings in the near future. School accommodations will need to be provided in the Hardy section and in the Pheasant Avenue district. The Morningside section can be accommodated in the proposed Pheasant Avenue School provided a road is constructed connecting these two sections. We urge that consideration be given to this need.

Again we call attention to the unfinished high school addition and to the need for completing this project by finishing the auditorium, constructing suitable gymnasiums and building the proposed connecting corridor and administration unit.

It will be necessary to increase the amount provided for the care and maintenance of buildings if our large investment in them is properly protected. The Committee has succeeded by careful planning, in keeping the buildings in excellent condition, but roof repairs and waterproofing which are now urgently necessary should not be longer postponed.

There has been no change in the organization of the Committee. Increased business has required that meetings of the whole Committee be held twice each month throughout the year. Many meetings of sub-committees have been required for consideration of special problems.

The Committee records its appreciation of the unusually effective service rendered by Mrs. Mary A. Curtin, Supervisor of Special Classes and Tests and Measurements, whom we lost by death on July 19, 1933. Her faithfulness and deep interest in the pupils who came under her care and her wise leadership will long be gratefully remembered.

To Miss Caroline L. Minott, who retired in September from an active teaching service of thirty-one years in the Arlington Schools, and Mrs. Lilla L. Granfield, who retired after twelve years of service, we express our appreciation for their efficient and loyal service to the citizens and youth of Arlington.

Respectfully submitted for the Committee,

(Signed) M. NORCROSS STRATTON,
Chairman.

ANNUAL REPORT OF SUPERINTENDENT OF SCHOOLS FOR THE YEAR 1933

To the Honorable School Committee,
Arlington, Massachusetts.

Ladies and Gentlemen:

I submit herewith the following annual report for your consideration. Conditions in general are similar to those described in the report for 1932, and for ease in comparing conditions, this report is arranged in similar form. The usual tables of attendance, expenses, etc., are given at the end of the report.

I. ORGANIZATION—ENROLLMENT AND ATTENDANCE

Membership continues to increase. The total membership in November, 1932 and 1933 shows the changes in the different groups of schools at a glance.

	Nov. 1932	Nov. 1933
Enrollment—elementary schools	3579	3605
Enrollment—Junior high schools	1480	1586
Enrollment—junior and senior high school industrial arts classes	104	115
Enrollment—senior high school	1336	1456
Totals	6499	6762

The effects of this growth have been to fill the school buildings more completely and to increase the size of classes—the teaching load—especially on account of a decrease since 1930 of twenty or more teaching positions. The most noticeable increase has been in the Senior High School, where the number of teachers has not increased since 1931, while the number of pupils is greater by 300.

Taking the average membership in the High School for November, 1933—1457 pupils, the number of pupils per teacher appears to be 24.9. This average, however, does not reveal actual conditions, which can only be understood by knowing the size and number of classes. On December 15, 1933, the total number of classes or divisions was 465. The size of these divisions ranges from three (a class in Spanish) to one hundred four (a class in music). Twenty-five divisions have more than forty-one students each, one hundred seventy-three divisions from twenty-five to forty-two students, and eighty divisions from twenty to twenty-six students. Thus, a total of two hundred seventy-eight divisions, or three-fifths of the work of the school, is done in classes of twenty to one hundred four students with an average of thirty-one and three-tenths. One hundred and eighty-seven divisions run under twenty students each. These include chiefly senior college preparatory, language, industrial arts, and drawing divisions, which for various reasons can rarely be consolidated or increased. The undesirable pressure is found chiefly in sophomore and junior classes in such fundamental subjects as English, history, mathematics, and science.

Increase in membership of other schools has been normal and such as could be readily accommodated by adjustment of classes, without adding to the number of teachers, but if there is any substantial increase in member ship in the fall of 1934, a few additional teachers may be needed.

II. SCHOOL ACCOMMODATIONS

At the present time accommodations are adequate for all pupils. Probably they will suffice for the school year 1934-1935. As soon as rapid growth of the town is resumed, however, the problem of more room will require solution. Probably the first project will be erection of the proposed Pheasant Avenue school, which would relieve the entire western part of the town. Through road construction and change of district lines, it might also make relief possible for much of the eastern part of Arlington.

III. COURSES OF STUDY

During 1933, committees of principals, supervisors, and teachers have been at work under the Superintendent's direction on several courses of instruction.

A thorough study has been made of all health activities in the elementary schools. Revision and changes have been put into operation, and various phases of the work have been more effectively co-ordinated, with the purpose of securing greater efficiency in this important part of the school program. This study is being continued in 1933-1934 in the junior and senior high schools.

Outlines in English and arithmetic for elementary and junior high schools have been revised and placed in the hands of all teachers. In this revision, more emphasis is placed upon the major essentials of each subject.

Supervisors of special subjects provide teachers with guidance, specific assignments, and direct help in instruction, and are constantly adapting subject outlines to classes and modern requirements. It might well be said that in these subjects the courses of study, while built upon rather permanent basic principles, are under continual study, adjustment, and development.

Household arts and manual training, for example, have been modified and adjusted to meet prevailing economic conditions. Drawing is conforming to and giving expression to needs and activities of the schools and community.

The whole program of vocal and instrumental music has been developing in a very satisfactory way, in spite of losses to individual pupils on account of discontinuance of paid instructors of piano and instrumental classes for elementary pupils, and of curtailment in the number of special music teachers. An interesting and inspiring event in this connection was the State Music Festival held in Arlington on May 13. Over four thousand high school students from thirty-five communities participated in vocal, orchestral and band recitals, a colorful parade and a final concert of the all-state band and chorus on the Warren A. Peirce Field. No competitive rankings of organizations were made, but the Arlington groups were among those receiving highest scoring.

The task of curriculum revision is a constant one. Changs in social and political conditions, economic problems, science, and life in general make frequent revision and adaptation of school work essential. This is the case, for instance, in geography. Accordingly, the outline in this subject is now being studied and revised by a committee of elementary school principals and teachers.

In similar though less formal manner, high school subjects are modified continually as circumstances and conditions demand.

To a greater degree than ever before the High School is being utilized by all the youth of a commumnity, both those who are preparing for advanced education and those who will complete their training in high school in other

courses. They are as needy and deserving as any, and an efficient school must endeavor to meet their reasonable requirements.

It is quite in place here to report on the athletic program connected with the schools. The development since the summer of 1931 has been very satisfactory and wholesome. At that time a change was made in the high school coaching staff and in the general organization of athletics, affecting football and baseball especially. It is gratifying to record both the excellent record of teams representing Arlington and the wholesome prevailing spirit.

In other local and interscholastic sports as well, improvement and school records are such as to merit approval and commendation.

IV. OPERATION AND MAINTENANCE

Our school grounds, buildings, and equipment are in excellent condition and invoke very favorable comment from visitors who know schools in this and other communities. The janitorial staff merits commendation for our clean, well-kept buildings. The policy of keeping property in good repair has been efficiently continued by the maintenance crew supplemented by outside contracts. We have been greatly assisted in this whole matter by workers from the town welfare department and from the Civil Works Administration.

The cost of upkeep and repairs has been exceedingly moderate in consideration of the work that has been done. Aside from ordinary repairs (and emergencies) the only extensive jobs to be done in the near future are connected with roofs and waterproofing. Roofs and gutters on several buildings are old and need replacing or extensive repairing. There is urgent need of waterproofing walls of several buildings to stop leakage that is injuring and defacing interior walls and ceilings.

A great deal of work has been done the last three years on school grounds at the High, Peirce, Brackett, Locke, and Junior High West Schools. Much remains to be done at the latter school; the Parmenter School Playground should be graded and surfaced, and the Cutter School playground should be resurfaced.

V. FINANCIAL

Conditions have compelled severe economy in 1933. It has been evidenced in the following ways:

1. Discontinuing certain positions and activities, some as of June 30, 1932, the full effect of which is felt in the 1933 budget; others as of June 30, 1933, affecting the salary budget for the four fall months. (Twenty or more positions have been abolished in the last three years.)

2. Increasing teacher load by consolidating classes, transferring pupils and teachers, making larger divisions in junior and senior high schools.

3. Curtailment of expenditures for books and supplies.

4. Economies in operation and maintenance.

5. Postponement of building operations and expansion of school work.

6. Salary contributions and cuts.

As a result, the cost per pupil has dropped substantially in the last three years. Thus the cost per pupil for 1930-1931 was $112.44 and the corresponding figure for the fiscal year 1933, not including employees' contributions of 10%, was $104.14.

This does not tell the whole story, however, concerning the actual net cost chargeable to our local tax account.

There are very substantial receipts from other sources which are not generally known and which, unfortunately, do not appear in the town's accounting of school expenses. The relation between the budget and the actual cost for current expenses may be shown as follows. (It will be understood, of course, that receipts affect, in part, the tax rate for the succeeding year.)

School budget approved for 1933		$694,857.00
Extra contributions added		1,445.96
		$696,302.96
Unexpended balance December 31, 1933, returned		12,951.95
Expenditures for 1933		$683,351.01
Contributions of employees	$53,945.96	
Receipts from State on school account	61,218.76	
Receipts from other sources	1,538.58	
Total receipts from other than local taxation		116,703.30
Net cost to Arlington for current expenses, 1933		$566,647.71
Net local cost per pupil (average membership 6548)		$86.53

Further information concerning expenditures is shown in Table IV, Finances, which gives the financial picture for the past five years. It should be studied in connection with Table III on Average Membership. These tables, being for school years ending June 30, differ from and are six months behind amounts applying to the town fiscal year. Any trend toward increase or decrease in the cost of education will appear six months earlier in town

accounts than in reports to the state for the school year closing the following June.

VI. THE OUTLOOK

It is common knowledge that public education in this country is suffering its worst set back in history. The latest report from the United States Office of Education reveals alarming conditions. Two million, two hundred eighty thousand children of school age have no school opportunities at all. Funds for salaries and general support have been reduced from ten to fifty percent, and more. Since 1930 there has been an increase of over 1,000,000 pupils and a decrease in current expenses of about $368,000,000. In consequence, where education has not completely broken down or has not met with actual disaster, it has been more or less seriously crippled.

The need of adequate education is greater on account of the prevalent depression, not less. The number of children, the size of the job, difficulties, public demands on schools, and violent criticisms, have all increased, while financial and moral support have been alarmingly withdrawn. The situation has well been described as "The Deepening Crisis in Education". It is important, indeed, that citizens of every community, Arlington included, while duly considering financial and other distressing local problems, shall relieve and not aggravate the distress of education.

It is easily possible to maintain the high standards that have characterized our schools, and with that purpose in view to provide adequate support without unduly burdening the taxpayers. Good schools cannot be maintained, however, on insufficient funds, and the mistake should be avoided of curtailing justifiable expenditures.

Teachers and other school employees have worked untiringly and whole-heartedly the past year in the face of difficulties and discouragements to hold the schools of Arlington up to a superior standard. They will carry on in the same spirit just as far as opportunity and public support make it possible.

Respectfully submitted,

(Signed) CLARENCE H. DEMPSEY,

Superintendent of Schools.

January, 1934.

REPORT OF TREE WARDEN

To the Citizens of Arlington:

I hereby submit my report as Tree Warden for the year ending December 31, 1933.

The past year the trees in your Town especially the Maples of all species developed an extremely heavy foliage due to atmospheric conditions and this meant extra trimming to safeguard the public. This is true in regard to street lighting and also to obstruction to proper view of stop signals at dangerous intersections.

There was no defoliation on our street trees this year. The elms with a few exceptions, which on account of modern improvements, are equal to any in greater Boston. There is much cavity work that might be done on these trees but this is expensive work on street trees which are over fifty years old and in a Town like ours where the ground and natural nutrition is rapidly growing less. There has been a warning sent to all Tree Wardens to be on the alert for the Dutch Elm Disease. This is another dangerous pest but at the present time has not been detected here.

During the past year two hundred (200) Norway Maples were planted on our streets. Four (4) Maples, one (1) Linden, one (1) Cherry and fourteen (14) Elms all over twelve (12) inches have been removed by this Department. The trees on Medford Street were removed by contract with the Joint Board. Three (3) trees in front of the filling station at the corner of Elmhurst Road and

Massachusetts Avenue were removed after a hearing was held at the expense of the petitioner.

There are a few Elms standing in front of business blocks though not dead are in a dangerous condition and should be removed this year. There will be the usual amount of trimming. I would suggest that two hundred (200) trees be planted this year. This will take care of Medford Street and all streets completed last year.

The following is a financial statement:

Salary	$ 750.00
Wages	3,491.00
	$4,241.00
Office Telephone	$ 48.90
Auto Maintenance	342.99
Tools and Equipment	84.61
Use of Trucks	30.38
Rent of Barn	90.00
Trees and Loam	800.00
	$1,396.88
Appropriation	$5,600.00
Transfer	100.00
	$5,700.00
Expended	5,637.88
Unexpended Balance	$62.12

Respectfully submitted,

DANIEL M. DALEY,
Tree Warden.

REPORT OF MAINTENANCE OF TOWN HOUSE GROUNDS

To the Honorable Board of Selectmen.

Gentlemen:

The regular routine of work such as cutting grass, trimming, edgeing and taking care of shrubbery was attended to.

In the early spring thirteen tons of crushed stone was spread over the driveway and parking area in the rear of the Town Hall. We are having a lot of trouble keeping the machines from running over the lawn in this section, and I think that the only solution would be to put a curbstone all along the drive.

Flowers were planted in the fountains on the front platform of the hall prior to Memorial Day and remained there during the entire summer with many favorable comments received about them.

The flower beds adjoining the ripple and pool on our grounds were changed around somewhat at the suggestion of the Arlington Garden Club and quite an improvement has been made.

A new flagpole was erected this past year under the jurisdiction of the Board of Selectmen, due to the fact that the original one was weather worn and rotted at the base and in due time would cause serious damage if it

was allowed to stand. This year as a precaution against weather and protection of the wood in the pole I would suggest that it be painted.

Due to that fact that the Welfare Department has been transferred to the Robbins House, and more of the public have been trespassing to and from there, it was deemed advisable to remove the old slate slabs that were used for a walk, and replace them with a crushed stone sidewalk which filled in a ditch of three feet that was beneath said walk. We also removed two cast iron flower vestibules that were in deplorable condition.

The general care and upkeep of the estate was attended to and one tree was removed that blew over during a severe wind storm.

I would recommend that all trees on this property be trimmed and those that are dead be removed.

In conclusion I wish to take this opportunity to thank the Board of Selectmen and their Secretary for the courtesy and co-operation they have given me during the past year.

Respectfully yours,

GEORGE M. DOLAN,
Superintendent.
